

TENNESSEE HOUSING DEVELOPMENT AGENCY

2026 HOME HOMEOWNERSHIP DEVELOPMENT PROGRAM DESCRIPTION

The Tennessee Housing Development Agency ("THDA") administers the federally funded HOME Investment Partnerships Program ("HOME") to promote the production, preservation, and rehabilitation of single-family housing in single-unit buildings for low-income households in Tennessee. The purpose of this Program Description is to explain the requirements and the application process to fund the development of housing for sale to low- and moderate-income households.

THDA will make HOME funds available to non-profit organizations that meet the designation of a Community Housing Development Organization ("CHDO") through a competitive application process. An applicant must apply for a HOME grant of at least \$250,000 for program costs, but may apply for a maximum HOME grant of \$1,000,000 for program costs and may also apply for operating assistance up to an amount equal to 7% of program costs.

THDA will open the 2026 HOME Homeownership Development Program Round on June 15, 2026. Applicants must submit their applications to THDA in the method specified in the application package. THDA will stop accepting applications at 4:00 PM Central Time on Thursday, July 30, 2026. THDA anticipates notifying successful applicants on or around September 1, 2026, and issuing Reservation of Funds with a term commencing October 1, 2026, and ending September 30, 2029.

This Program Description and application instructions will be available on THDA's website at <https://thda.org/government-nonprofit-partners/home-program> no later than June 15, 2026. If you have questions, please contact Aaron Toran at (615) 815-2037 or HOME@THDA.org.

A. ELIGIBLE APPLICANTS.

To be eligible, a non-profit organization must:

1. Meet one of the two following criteria:
 - a. All private, non-profit organizations must be organized and existing in the State of Tennessee (as evidenced by a Certificate of Existence from the Tennessee Secretary of State, dated no more than thirty (30) days prior to the application date).

OR

- b. Be organized and existing under the laws of another state and be qualified to do business in Tennessee (as evidenced by a Certificate of Existence from the other state's Secretary of State dated no more than thirty (30) days prior to the application date and by a Certificate of Authorization to do business in Tennessee from the Tennessee Secretary of State, dated no more than thirty (30) days prior to the application date).
2. Demonstrate at least two (2) years of experience providing affordable housing or affordable housing related services satisfactory to THDA, in its sole discretion. The 2-year experience requirement may be met by the organization, parent-child relationship with a qualifying entity or by qualifying experience of key managing staff of the applicant at the sole discretion of THDA.
3. Propose a budget that includes at least a 10% contingency for the hard costs of the project to anticipate possible cost overruns over the grant term.
4. Be deemed a CHDO by THDA and meet the following requirements:
 - a. Have no part of its net earnings inuring to the benefit of any member, founder, contributor, or individual.
 - b. Have among its purposes the provision of decent housing that is affordable to low-income and moderate-income persons, as evidenced in its charter, articles of incorporation, resolutions or by-laws.
 - c. Have experience in the provision of housing to low-income households.
 - d. Have standards of financial accountability that conform to 2 CFR Part 200, Uniform Administrative Requirements, Audit Requirements and Cost Principles.
 - e. Have an IRS designation under Section 501(c)(3) or Section 501(c)(4) of the federal tax code. A 501(c)(3) non-profit applicant may not submit an application until they have received their designation from the IRS. A 501(c)(4) non-profit applicant must provide documentation satisfactory to THDA, in its sole discretion, that the non-profit has filed the necessary materials with the IRS and received a response from the IRS demonstrating 501(c)(4) status.
 - f. Not be controlled by, or under the direction of, individuals or entities seeking to derive profit or gain from the CHDO. If a CHDO is sponsored or created by a for-profit entity, all of the following must apply:
 - (1) The for-profit entity may not be an entity whose primary purpose is the development or management of housing, such as a builder, developer, or real estate management firm;

- (2) The for-profit entity may not have the right to appoint more than one-third of the membership of the CHDO's governing body. CHDO board members appointed by the for-profit entity may not appoint the remaining two-thirds of the board members;
 - (3) The CHDO must be free to contract for goods and services from vendors of its own choosing; and,
 - (4) The officers, directors, owners (stockholders, managers, members, etc.), or employees of the for-profit entity cannot be officers, directors, owners (stockholders, managers, members, etc.), or employees of the CHDO.
- g. Is not a governmental entity (including the participating jurisdiction, other jurisdiction, Indian tribe, public housing authority, Indian housing authority, housing finance agency, or redevelopment authority) and is not controlled by a governmental entity. An organization that is created by a governmental entity may qualify as a CHDO, however, the governmental entity may not have the right to appoint more than one-third of the membership of the organization's governing body and no more than one-third of the board members may be qualified public officials or employees of the recipient governmental entity involved in the administration of the HOME grant. Board members appointed by the State or local government may not appoint the remaining two-thirds of the board members. The officers or employees of a governmental entity may not be officers of the Board or employees of a CHDO.
- h. Maintain accountability to low-income community residents by:
 - (1) Including residents of low-income neighborhoods, other low-income community residents, or representatives of low-income neighborhood organizations in at least one-third of the CHDO's governing board's membership. In addition, representatives of groups such as Legal Aid, tenants' rights groups or other civil rights organizations may be considered to fulfill the one-third board requirements for low-income community involvement. For urban areas, "community" may be a neighborhood or neighborhoods, city, county, or metropolitan area in Tennessee. For rural areas, it may be a neighborhood or neighborhoods, town, village, county, or multi-county area (but not the entire State) in Tennessee; and
 - (2) Having a formal process for low-income program beneficiaries to advise the CHDO in its decisions regarding the design, site selection, development, and management of affordable housing. The process must be clearly established in the charter or by-laws or through an adopted board resolution. Meeting the board requirement of 4.h.(1) above does not satisfy this requirement.
- i. Have a demonstrated capacity to successfully carry out housing projects assisted

with HOME funds. Capacity may be demonstrated by any person who is a staff member, a volunteer, a board member, or an officer of the organization.

- j. Have a history of serving the community within which the housing to be assisted with HOME funds is to be located. In general, a CHDO must be able to show at least one year of serving the community through housing activities benefiting low-income persons or families before HOME funds may be awarded to that CHDO. However, a newly created CHDO formed by local churches, service organizations, or neighborhood organizations may meet this requirement by demonstrating that its parent organization has at least one year of serving the community through housing activities benefiting low-income persons or families.
- 5. Must demonstrate the use of or plan to use previous CHDO proceeds, if applicable, and a need for additional HOME funds.
 - 6. Must only apply under this program description for projects in which the CHDO is the owner and developer.
 - 7. Submit a completed application with supporting documentation.
 - 8. Must meet both the Commitment and Spend-Down Requirements as noted below for the HOME funding round under which the applicant received a prior grant award, if applicable:
 - a. To meet the Commitment Requirement, THDA must have entered into a legally binding agreement with the organization for specific site addresses for the percentage of development funds specified by grant year.
 - b. To meet the Spend-Down Requirement, the organization must have either expended or submitted by June 15, 2026, an officially authorized Request for Payment with supporting documentation for the percentage of development and operating assistance funds specified by grant year:

HOME Homeownership Development Descriptions	Commitment Requirement	Spend-Down Requirement
2022	100%	100%
2023	100%	100%
2024	100%	75%
2025	Not Eligible	Not Eligible

CHDOs with a closed grant from years 2023 and earlier that met spend down requirements but failed to commit or expend 100% of their grant funds, will be eligible to apply. However, such CHDOs will be subject to point deductions, as detailed in the CHDO Matrix.

9. Must be in compliance with all other THDA programs in which they have an active, open grant or a grant that has been closed and must have no unresolved performance issues, as determined by THDA.

B. ALLOCATION OF FUNDS.

HOME funds committed to the State of Tennessee, through THDA, will be allocated as provided in the State of Tennessee's Consolidated Plan, as amended. In addition to the 2026 Federal HOME allocation that is expected to be level with 2025 at \$13,175,338, THDA may use funds available, if any, from prior-year HOME Program allocations to fund the program. THDA will make up to 20% of THDA's 2026 HOME Allocation from HUD for program costs and up to 5% of THDA's 2026 HOME Allocation from HUD for CHDO operating assistance. Additionally, THDA may make available any returned or leftover funds from other 2025 or earlier funding rounds, to be determined at the time of award.

1. **Commitment Requirement.** A successful CHDO that receives an allocation of funds ("Grant Recipient") must commit those funds to specific units by the anticipated milestones to be established within the Reservation of Funds: (1) 50% of the funds by September 30, 2027; (2) 75% of the funds by March 31, 2028; and (3) 100% of the funds by September , 2028. Applicants must be aware of these dates and have a pipeline of eligible homebuyers so they can begin their projects as soon as the environmental reviews have been completed. Failure to meet a particular deadline may result in a reduction of the grant award to the amount of funding committed at such deadline.
2. **Lack of Ability to Comply.** If, in the opinion of THDA, all applicants lack the organizational potential to comply with all HOME affordability requirements, THDA may choose not to award any of the funds set-aside for CHDOs in the 2026 HOME Homeownership Development Program or to award a lesser amount than outlined herein, in its sole discretion.
3. **Funding Requirements.** HOME awards will be in the form of a reimbursement grant, secured by a forgivable note, deed of trust, and restrictive covenants. Grant Recipients may be required to repay any HOME funds expended on projects that are not completed and ready for occupancy by the term end date of the HOME Grant Contract executed between the Grant Recipient and THDA, or as otherwise specified in the Grant Contract, the federal rules, regulations, and notices for HOME, and this Program Description. Required deeds of trust and restrictive covenants must be recorded prior to any other financing documents.

C. ELIGIBLE ACTIVITIES.

Eligible housing activities under this program description include:

1. **Homeownership Programs.** THDA expects that the Grant Recipients will not only shepherd the homebuyer through the home buying process, but also work toward

fostering an on-going relationship with the homebuyer. This responsibility includes facilitating additional homeowner counseling, verifying homeowner occupancy requirements on an annual basis, and monitoring mortgage loan default issues.

- a. **Costs to Develop Units.** HOME funds must be used to develop single-family units in Tennessee for homeownership, including new construction or acquisition and substantial rehabilitation of substandard dwellings. Duplexes, Triplexes, and Quads are not eligible. Successful Grant Recipients must be the owner and developer of all units at the time the units are constructed or rehabilitated. When units are sold to eligible homebuyers, the HOME funds must be repaid to the Grant Recipient and the Grant Recipient must use the repaid funds to develop additional single-family units for homeownership in compliance with the HOME regulations.

HOME funds may only be used to cover the development costs necessary to develop modest single-family housing in accordance with 92.254(a), including those costs necessary for producing the unit that will exceed the market value of the property upon construction completion, i.e. the development subsidy.

Before construction or acquisition and rehabilitation can begin, Grant Recipients must demonstrate a pipeline of eligible buyers pre-qualified for a permanent loan. Although speculative construction or acquisition is not generally allowed, under certain circumstances THDA will allow an applicant to apply for an exception to this policy on a project-by-project basis. To be considered for an exception, the applicant must meet certain criteria, including:

- (1) Experience and capacity to manage an affordable rental housing program;
 - (2) Success during the last three (3) years in managing affordable rental housing in the area of the proposed project with an average list to lease-up term of no more than 180 days;
 - (3) A current average market time of list to contract for sale for similarly priced, comparable homes in the area of the proposed project of no more than 120 days; and,
 - (4) Extenuating circumstances that prevent the applicant from having a pipeline of pre-qualified homebuyers to support their development activity.
- b. **Developer's Fees.** A Grant Recipient may also request a developer's fee if the Grant Recipient is acting as a developer of housing. The developer's fee is 8% of the HOME funds used to construct or acquire and rehabilitate the unit. The developer's fee is a project soft cost and counts against the maximum per unit subsidy limit applicable to a project.
 - c. **Other Project Soft Costs.** Applicants may include the actual costs paid to third parties

for progress inspections and work write-ups as a project-related soft cost where necessary. The costs for plans, progress inspections, and work write-ups are capped at 2.5% of the **Hard Project Costs**. In addition to the costs for plans, inspections, and work write-ups, the costs for lead-based paint inspections, risk assessments, and clearance testing, and other architectural and engineering fees are also paid as project soft costs and limited to the actual billed charge from a third-party vendor. All project soft costs count toward the HUD maximum per-unit subsidy limit.

- d. **Soft Second Mortgages.** Grant Recipients must allow an amount of HOME funds to remain with the unit as a soft second mortgage that is equal to or more than \$1,000 and is equal to or less than \$39,999, with the amount determined by the amount necessary for the household to qualify for permanent financing. THDA requires that a subsidy remain in the financing when the unit is sold, so affordability is based on the less restrictive recapture provision of the HOME regulations. All Grant Recipients using HOME funds for soft second mortgages must use the THDA single-family underwriting template to determine the appropriate amount of HOME assistance and must submit the determination to THDA for review and final approval. If the underwriting template indicates that the homebuyer does not have an unmet need for the soft second mortgage, the Grant Recipient may not provide direct HOME assistance to that homebuyer. The amount of the soft second mortgage is the “direct HOME subsidy” provided to the homebuyer and is subject to a Period of Affordability and recapture, as will be defined subsequently herein.

The soft second mortgages may not be combined with other THDA-funded “second mortgage” assistance programs, including Great Choice Loan Plus assistance, or with funding available through the New Start program, and any subsequent or similar programs operated by THDA. The THDA HOME funded soft second mortgage may be combined with a THDA Great Choice first mortgage loan.

- e. **Sales Price.** All units must be sold for an amount that is not any lower than the appraised value of the unit or the sales price limit as determined by HUD, whichever is lower.
- f. **Sales Price Limits.** The sales price limits for homeownership programs are the Property Value Limits. Current limits are available at: <https://thda.org/govt-non-profit/home-program-applications-and-information/>.
- g. **Underwriting.** Front and back-end ratios may not exceed thirty-three (33%) and forty-three percent (43%), respectively. Lower ratios are encouraged where possible.
- h. **Permanent Financing.** THDA expects the use of THDA mortgage loans whenever suitable. Other financing may be used if it is comparable to a THDA mortgage loan. Permanent financing is considered comparable if the interest rate does not exceed the prevailing THDA Great Choice interest rate by more than one percentage point

and when it is demonstrated that the homebuyer represents a commensurate underwriting risk to the lender. All loans must have a fixed interest rate fully amortizing over the 30-year term of the loan. There can be no pre-payment penalty for early payoffs.

- i. Homebuyer Contribution. The homebuyer must make a contribution from their own funds equal to one percent (1%) of the purchase price of the property.
- j. Homebuyer Education. All homebuyers must complete a homebuyer education program from a THDA-qualified homebuyer education provider prior to purchase.
- k. Neighborhood Market Conditions. Applicants proposing homeownership projects must document that neighborhood market conditions demonstrate a need for the project and must complete a market study.
- l. Deadline for Sale. Units must be sold to an eligible homebuyer within nine (9) months of the issuance of a Certificate of Occupancy. If a unit is not sold within that period, the unit must be converted to rental housing for the appropriate rental Period of Affordability or the HOME funds must be repaid by the Grant Recipient to THDA. A lease-purchase program may be permitted if the Grant Recipient can demonstrate that the Grant Recipient operates an existing, active lease purchase program.

2. CHDO Operating Expenses and CHDO Proceeds.

a. CHDO Operating Expenses.

- (1) Operating expenses are separate from project funds.
- (2) As long as a Grant Recipient does not have an existing operating assistance grant award from THDA where less than 75% of the total operating assistance grant award has been expended as of June 30, 2026, then the Grant Recipient may request an amount up to 7% of the funds awarded for the acquisition and rehabilitation or new construction of housing for sale to low-income homebuyers as CHDO operating expenses to help with the operating costs of the organization.

b. CHDO Proceeds.

- (1) CHDO proceeds are the HOME funds returned to a Grant Recipient upon the sale of a unit to a homebuyer. Grant Recipients must use CHDO Proceeds to develop more HOME-eligible housing for homeownership. Once the CHDO Proceeds are used a second time to develop more housing for homeownership, the HOME restrictions on the use of proceeds are eliminated.
- (2) A Grant Recipient may use up to 15% of the CHDO Proceeds for operating expenses of the organization.

D. PROHIBITED ACTIVITIES.

1. Purchase and installation of manufactured housing on lots.
2. Provision of project reserve accounts, or operating subsidies.
3. Provision of tenant-based rental assistance for the special purposes of the existing Section 8 program, in accordance with Section 212(d) of the Act.
4. Provision of non-federal matching contributions required under any other Federal program.
5. Provision of assistance authorized under Section 9 of the 1937 Act (annual contributions for operation of public housing).
6. Carrying out activities authorized under 24 CFR Part 968 (Public Housing Modernization).
7. Provision of assistance to eligible low-income housing under 24 CFR Part 248 (Prepayment of Low-Income Housing Mortgages).
8. Provision of assistance (other than assistance to a homebuyer to acquire housing previously assisted with HOME funds) to a project previously assisted with HOME funds during the period of affordability established by HUD or THDA in the Grant Contract. However, additional HOME funds may be committed to a project up to one year after project completion, but the amount of HOME funds in the project may not exceed the HUD maximum per-unit subsidy amount.
9. Paying for any cost that is not eligible under 24 CFR 92.206 through 92.209.
10. Use of HOME funds for rental housing projects.
11. Provision of assistance for a homeowner rehabilitation project by a CHDO from the 15% CHDO set-aside. A CHDO funded through the 15% CHDO set-aside can only participate in the HOME program if they are the owner and developer of a project.
12. Provision assistance for emergency shelters (including shelters for disaster victims) or facilities such as nursing homes, convalescent homes, hospitals, residential treatment facilities, correctional facilities, and dormitories, including those for farm workers or housing for students.

E. LAYERING.

Layering is the combining of other federal resources on a HOME-assisted project that results in an excessive amount of subsidy for the project. Such activity is prohibited. Grant Recipients must analyze each project to ensure that only the minimum amount of assistance is allocated to the project. In no case may the amount of HOME funds exceed the HUD Maximum per Unit Subsidy

Limit.

F. MATCH.

THDA will not require applicants to provide match towards funded projects. Although no local match is required, THDA will award points based on the contribution of eligible match reflected in an application as specified in the scoring matrix. THDA will count any qualifying non-federal project funds or other resources reflected in successful applications that qualify as match under the HOME rule toward the match requirement.

HOME match is permanent, non-federal contributions to a project. THDA will monitor the contribution of match throughout the implementation of the grant. Matching contributions may be in the form of one or more of the following:

1. Cash contributions not provided by the assisted household and not from a federal source, including the present value of the interest subsidy for loans made at rates below market.
2. Reasonable value of donated site-preparation and construction materials.
3. Reasonable rental value of the donated use of site preparation or construction equipment.
4. Waived fees and taxes.
5. Property donation or below-market sale. A copy of the appraisal and/or purchase contract must be submitted. The donor/seller of the property must also provide a statement certifying that the property was donated or sold for affordable housing purposes and an acknowledgment that the donor/seller received the URA Guide Form Notice Disclosure to Seller, as well as the HUD booklet entitled, "When a Public Agency Acquires Your Property." If the property was originally acquired with federal funds, the value of the property is not match eligible.
6. The direct cost of donated, compliant homebuyer counseling services provided to families that acquire properties with HOME funds under the provisions of 24 CFR §92.254, including on-going counseling services provided during the period of affordability. Counseling may not be valued at more than \$40 per hour.
7. Reasonable value of donated or volunteer labor or professional services. Unskilled volunteer labor may not be valued at more than \$19 per hour; skilled volunteer labor may be valued at the documented going rate.
8. Value of sweat equity may also be eligible if every assisted household under the HOME grant award is required to perform sweat equity. Sweat equity may not be valued at more than \$19 per hour.

9. Other match sources as permitted under the HOME Final Rule.

G. LEVERAGE.

In the scoring matrix, any project that has leveraged funds will receive additional points. Leveraged funds are funds provided by local governments, grants from other sources and cash from program beneficiaries. Loan proceeds from a lending institution do not count as leverage. However, the savings generated from a below market interest rate will count as leverage. Administrative funds, anticipated fund-raising revenues, other THDA funds, and construction loans do not count toward leverage. Leveraged funds counted in one program year do not qualify again as leverage in subsequent years.

The value of donated labor, materials and land will count toward leverage. The value of unskilled labor is set at the current minimum wage, and the value of skilled labor is set at twice the current minimum wage. The value of land and/or a building donated or acquired for a project prior to the application will count as leverage, but there must be an appraisal or tax assessment included in the application to document its value. In order to count donated supplies or materials, only the documented value of the actual goods or materials will be considered and they must be legitimately required by the program. The donor must provide a letter to confirm the amount of the supplies or materials. Proposed discounts will not count as leverage.

H. PUBLIC PRIVATE PARTNERSHIPS FOR NEIGHBORHOOD REDEVELOPMENT.

THDA encourages Grant Recipients to undertake housing development activities in concert with a local government or local quasi-governmental entity in order to both fulfill the need for housing in these communities as well as larger community redevelopment goals beyond the housing efforts of the Grant Recipient itself.

The Grant Recipient must have a strategy approved by its Board to redevelop an area that ties into a larger strategic plan of a City or County's efforts to stabilize a focused area that requires revitalization. Unit development must occur only in the identified target area.

In order to receive points under this scoring criteria, the Grant Recipient must partner with a local unit of government or a local quasi-governmental entity by means of a Memorandum of Understanding (MOU) or other partnership agreement for the purpose of the development of affordable housing for sale to low-income home buyers effective for the full-term of the grant period. As part of the effort, the local unit of government or the local quasi-governmental entity must provide eligible HOME match contributions to the housing development effort. The MOU must outline the responsibilities of all parties to the program implementation, including, but not limited to:

1. The targeted neighborhood area(s) in which all units will be rehabilitated and/or constructed for sale to low-income home buyers under the MOU.
2. The number of units to be rehabilitated or constructed for sale to low-income home

buyers.

3. A description of the match contributions to be provided. At minimum, match contributions must meet the following requirements:
 - a. Donation or sale of a suitable parcel of land for home development, without encumbrance of any kind with all taxes and other fees current and meeting all requirements of Section F 5 of this program description and the following additional requirements:
 - (1) The sale price to the Grant Recipient shall be no more than \$100.
 - (2) All taxes must be clear through the time of sale to the low-income homebuyer.
 - b. The donated cost of demolition and disposal of any existing structures on the building parcel including all landfill fees if unit demolition is a required part of lot development.
 - c. Fees controlled by the local government such as building permits, impact fees or other development fees must be waived by the local government and provided as a donated match to the project. To the extent, the local government controls utility connection and tap fees these fees must be waived or significantly discounted in order to meet the match eligibility requirements of the HOME program.

I. HOME PROGRAM REQUIREMENTS.

1. Income Limits.

HOME funds may only be used to benefit low-income households. "Low-income households" means an individual or household whose income does not exceed 80% of the area median income, adjusted for household size.

The income of the household to be reported for purposes of eligibility is the sum of the annual gross income of the beneficiary, the beneficiary's spouse, and any other household member residing in the home. Annual gross income is "anticipated" for the next 12 months, based upon current circumstances or known upcoming changes, minus certain income exclusions.

Current limits are available at <https://thda.org/govt-non-profit/home-program-applications-and-information/>. Median income for an area or the state shall be that median income estimate made by HUD. Median incomes change when HUD makes revised estimates.

2. Forms of Assistance. As described above, at the time of the sale of the unit to an eligible homebuyer, the Grant Recipient must leave HOME funds in the unit as a soft second

mortgage loan equal to the lesser of \$39,999 or the amount necessary to qualify the household for permanent financing, but not less than \$1,000.

3. Period of Affordability. The soft second mortgage loan is subject to a “Period of Affordability” and recapture will be secured by a Note and Deed of Trust between the Grant Recipient and the homebuyer.
 - a. The Period of Affordability will be five years if the loan is under \$25,000 and ten years if the loan is between \$25,000 and \$39,999. The amount subject to recapture due to a sale will reduce by a certain percentage each year, as outlined on the chart below, as long as the unit remains in compliance, i.e., the unit remains the permanent residence of the initial buyer, and is not leased or vacated during the Period of Affordability. If the unit is leased or vacated during the Period of Affordability, the entire HOME subsidy must be repaid to THDA.
 - b. Sale or Transfer of the Property. The HOME-assisted homebuyer may sell or otherwise transfer the unit on or before the end of the Period of Affordability to any willing buyer at any price, and the amount of the HOME subsidy subject to recapture will be reduced as described above. The amount subject to recapture is limited by the availability of net proceeds. The net proceeds are the sales price minus superior non-HOME loan repayments minus closing costs. If the net proceeds are not sufficient to recapture the remaining outstanding principal balance of the HOME Note plus the amount of the down payment made by the homeowner, if any, plus the amount of any capital improvement investment made by the homeowner, then the grant recipient shall recapture a pro rata share of the net proceeds of the sale in lieu of the full remaining outstanding principal balance of the HOME Note. “Capital improvement investment” means the improvements to the property made at the homebuyer’s expense (and not through some other form of subsidy), as evidenced by receipts or cancelled checks detailing the capital improvements made. Capital improvements do not include items of maintenance, deferred maintenance or cosmetic improvements. The pro rata amount to be recaptured shall be calculated in accordance with the HOME Program Regulations at 24 CFR 92.254(a)(5)(ii)(A)(3) as follows:

If the net proceeds are not sufficient to recapture the full HOME investment (or a reduced amount) plus enable the homeowner to recover the amount of the homeowner’s down payment and any capital improvement investment made by the homeowner since purchase, the grant recipient shall share the net proceeds according to the formula in the HOME Program Manual.

The net proceeds may be divided proportionately as set forth in these steps:

- (1) Application of Forgiveness Feature. Once the net proceeds are determined from the sale of the property, the grant recipient shall reduce the amount due based on the length of time the homebuyer has occupied the home in relation to the Period of Affordability.

- (2) Amount Subject to Recapture. The HOME investment that is subject to recapture is based on the amount of HOME assistance that enabled the homebuyer to buy the housing unit. This includes any HOME assistance that reduced the purchase price from fair market value to an affordable price, but excludes the amount between the cost of producing the unit and the market value of the property (i.e., the development subsidy).
- (3) After the full HOME investment has been repaid, any excess profits will belong to the homeowner.
- c. Construction Financing-Homeownership. The initial Period of Affordability will be based on the amount of HOME funding invested in the development of the unit under the resale provisions of the HOME regulations. To enforce the provisions of the Grant Contract with the Grant Recipient, THDA will require that a Restrictive Covenant and Deed of Trust be recorded against the property prior to drawing down HOME funds for construction. When the unit is sold to an eligible homebuyer, THDA will provide the closing agent a copy of the release for Restrictive Covenant and Deed of Trust. The Grant Recipient must provide the closing agent with a Grant Note and Deed of Trust between the Grant Recipient and the homebuyer for the soft second mortgage loan under the recapture provisions. Upon receipt by THDA of a copy of the Grant Note, the recorded Deed of Trust between the homebuyer and the Grant Recipient, the recorded deed from the seller to the homebuyer, and the fully executed final TILA-RESPA Integrated Disclosure (TRID) Settlement Statement, the original Release of Lien is forwarded to the closing agent for recording.

J. LEVEL OF SUBSIDY.

The current maximum HOME investment per unit, effective 10/15/2024, is provided below:

MINIMUM HOME DOLLARS	\$1,000 PER UNIT
MAXIMUM HOME DOLLARS	
0-BEDROOM (EFFICIENCY) LIMIT	\$187,658 PER UNIT
1-BEDROOM LIMIT	\$215,122 PER UNIT
2-BEDROOM LIMIT	\$261,595 PER UNIT
3-BEDROOM LIMIT	\$338,419 PER UNIT
4-BEDROOM OR MORE LIMIT	\$371,477 PER UNIT

Periodically, THDA may update these limits pending approval from HUD. The Grant Recipient shall apply the limits in effect as of the effective date of the Grant Contract. These updates will be posted on THDA's web site at <https://thda.org/govt-non-profit/home-program-applications-and-information/>.

K. AFTER REHABILITATION PROPERTY VALUE.

For rehabilitation projects, the maximum after rehabilitation value permitted may not exceed 95% of the median purchase price for the area as established by HUD for Existing Units that are one-unit buildings. Current limits are available at <https://thda.org/govt-non-profit/home-program-applications-and-information/>.

L. PROPERTY STANDARDS.

Property Standards must be met when HOME funds are used for a project. Any housing constructed or rehabilitated with THDA HOME funds must meet all applicable local, county, and state codes, rehabilitation standards, National Standards for the Physical Inspection of Real Estate (“NSPIRE”) or other standard as prescribed by HUD, and zoning ordinances at the time of project completion.

In the absence of a local code, new construction of single-family units or duplexes must meet the current, State-adopted edition of the International Residential Code for One- and Two-Family Dwellings. The newly constructed units must also meet accessibility requirements and mitigate disaster impact as applicable per State and local codes, ordinances, etc.

In the absence of a local code, rehabilitation of existing homeowner units must meet the current, State-adopted edition of the Existing Building Code of the International Code Council (ICC).

The International Code books are available at: www.iccsafe.org.

THDA will not make any funding awards for units in a jurisdiction where the unit cannot be inspected by a state certified building inspector or by a provider as permitted under State law.

HOME-funded units must also conform, as applicable, to the THDA Minimum Design Standards for New Construction of Single Family and Multifamily Housing Units and with THDA’s Minimum Design Standards for Rehabilitation of Single Family and Multi-family Housing Units. THDA must review and approve plans, work write-ups and written cost estimates and determine cost reasonableness for both new construction and rehabilitation prior to putting the project out to bid.

Other construction considerations include:

- a. Disaster Mitigation. All new construction should be built in a method and/or location that would attempt to protect all new construction from possible disaster due to either a man-made issue, or an act of God that may cause physical or structural damage to the home. The methods should include any items that may be recommended, or required by either local, state, or federal agencies dealing with disasters.
- b. Energy Code. New construction projects must also meet the State-adopted edition of the

International Energy Conservation Code. Copies of the Energy Code may also be obtained from the International Code Council at the address listed above.

- c. Energy Conservation. In addition to meeting the State-adopted edition of the International Energy Conservation Code, new construction projects must be Energy Star qualified as certified by an independent Home Energy Rating System (HERS) rater or achieve a HERS index of 85 or less when tested by a certified rater.
- d. Section 504. Section 504 of the Rehabilitation Act of 1973 prohibits discrimination in federally assisted activities and programs on the basis of disability, and imposes requirements to ensure accessibility for qualified individuals with disabilities to these programs and activities.

M. SALES PRICE LIMITS.

- a. Rehabilitation Projects. The sales price limits are the same as the After-Rehabilitation Property Value Limits. All homes developed using HOME funds must be sold at the appraised value or the Maximum HUD Property Value limit for Existing Homes that are one-unit buildings, whichever is lower. Current limits are available at: <https://thda.org/govt-non-profit/home-program-applications-and-information/>.
- b. New Construction Projects. All homes newly constructed using HOME funds must be sold at the appraised value or the Maximum HUD Property Value Limit for New Homes that are one-unit buildings. Current limits are available at <https://thda.org/govt-non-profit/home-program-applications-and-information/>.

N. UNIVERSAL DESIGN/VISITABILITY.

THDA encourages the inclusion of features that allow individuals with physical disabilities to reside and/or visit the housing that is constructed or rehabilitated with federal HOME funds.

Universal design is a building concept that incorporates products, general design layouts and other characteristics to a housing unit in order to:

- Make the unit usable by the greatest number of people.
- Respond to the changing needs of the resident.
- Improve the marketability of the unit.

The goal of universal design is to build housing that meets the needs of the greatest number of residents within a community. Universal design differs from accessible design, which is primarily intended to meet the needs of a person with disabilities. However, universal design is inclusive of adaptable design as universal design incorporates structural features that will allow a housing unit to be adapted to an individual's current or future needs. Universal design features include, but are not limited to:

- Stepless entrances.
- Minimum 5' x 5' level clear space inside and outside entry door.
- Broad blocking in walls around toilet, tub and shower for future placement of grab bars.
- Full-extension, pull-out drawers, shelves and racks in base cabinets in kitchen.
- Front mounted controls on all appliances.
- Lever door handles.
- Loop handle pulls on drawers and cabinet doors.

More information on Universal Design may be found at The Center for Universal Design at North Carolina State University: <https://design.ncsu.edu/research/center-for-universal-design/>.

Visitability refers to homes that are designed and built in a manner that allows individuals who have trouble with steps or use wheelchairs or walkers to live in or visit the unit. These features include:

- One zero-step entrance.
- Doors with 32 inches of clear passage space.
- One bathroom on the main floor that is accessible to a person using a wheelchair.

The National Council on Independent Living provides more information on Visitability that can be found at: <https://ncil.org/visitability/>.

O. HOME RELOCATION REQUIREMENTS.

THDA DISCOURAGES PROJECTS INVOLVING DISPLACEMENT OR RELOCATION OF HOUSEHOLDS. PRIOR TO APPLICATION. CONTACT THDA IF YOU ARE PLANNING ANY PROJECT THAT MAY INVOLVE DISPLACEMENT OR RELOCATION.

The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Uniform Act), and its implementing regulations, 49 CFR Part 24, requires relocation assistance where acquisition has occurred under the Uniform Act. In addition, the Uniform Act coverage was expanded in 1987 amendments to cover displacement of individuals resulting from rehabilitation, demolition, or private acquisition carried out under a federally-assisted project or program.

Section 104(d) of the Housing and Community Development Act ("The Barney Frank Amendments") and HUD's Residential Anti-Displacement and Relocation Assistance Plan include additional relocation requirements. This extra level of relocation protection may be triggered for low-income households when units are converted or demolished with Community Development Block Grant (CDBG) or HOME funds. In addition, when Section 104(d) is triggered, jurisdictions may need to replace any low/moderate income dwelling units that are lost due to the conversion or demolition. This section refers only to residential relocation. If non-residential (commercial/industrial) relocation is involved, contact THDA.

Understanding how relocation requirements are triggered, alternate ways of meeting them, and

the costs of the alternatives is essential in making HOME program decisions. Concerns about relocation may cause an administrator to consider establishing a preference for vacant buildings. However, administrators should also consider that vacant buildings are often much deteriorated. Rehabilitating an occupied building even with the cost of assisting tenants to remain or relocate, may be less costly than rehabilitating a vacant building. In occupied buildings, program administrators must consider whether occupants will be able to return after rehabilitation and whether Housing Choice Voucher (Section 8) assistance is available to help meet relocation costs. Selecting vacant projects does not relieve all relocation concerns. Vacant buildings in good condition may have been recently occupied. If so, the program administrator must consider whether the owner removed the tenants in order to apply for HOME assistance for a vacant building. If so, these tenants are displaced persons.

Skilled staff can save the local program money and build goodwill with owners and tenants. Failure to understand and follow relocation requirements can result in unnecessary costs for the local program. It is possible for uninformed owners and staff to take steps that would obligate the local program to provide significant relocation benefits and services. Early briefings for owners and program staff on relocation rules are essential. Handbook 1378, Tenant Assistance, Relocation and Real Property Acquisition consolidates relocation requirements for HOME and other HUD programs in one document. It is available from HUD Field Offices or by contacting THDA. HUD informational booklets for persons who are displaced or whose property is to be acquired are also available from HUD Field Offices or from THDA.

Uniform Relocation Act (URA) requirements are triggered at the time the application is being prepared, and additional requirements are triggered at the time the working agreement is signed between the owner and the Grant Recipient and when rehabilitation is completed. Treatment of displaced persons depends upon whether the displaced person is (1) a tenant or owner; (2) a business or household; or (3) has income above or below the Section 8 Lower Income Limit.

WHO IS A DISPLACED PERSON? Any person (household, individual, business, farm, or non-profit organization) that moves from the real property, permanently, as a direct result of rehabilitation, demolition, or acquisition for a project assisted with HOME funds. Relocation requirements apply to all occupants of a project/site for which HOME assistance is sought even if less than 100% of the units are HOME assisted.

WHO IS NOT A DISPLACED PERSON? A tenant evicted for cause, assuming the eviction was not undertaken to evade URA obligations. A person with no legal right to occupy the property under State or local law (e.g., squatter). A tenant who moved in after the application was submitted but before signing a lease and commencing occupancy, was provided written notice of the planned project, its possible impact on the person (e.g., the person may be displaced, temporarily relocated, or experience a rent increase), and the fact that the person would not qualify as a "displaced person" (or for any assistance under URA) as a result of the project. A person, after being fully informed of their rights, waives them by signing a Waiver Form.

HOW IS DISPLACEMENT TRIGGERED?

Before Application. A tenant moves permanently from the property before the owner submits an

application for HOME assistance if THDA or HUD determines that the displacement was a direct result of the rehabilitation, demolition, or acquisition for the HOME project. (e.g., THDA determines that the owner displaced tenants in order to propose a vacant building for HOME assistance.)

After Application. A tenant moves permanently from the property after submission of the application, or, if the applicant does not have site control, the date THDA or the local program administrator approves the site because (1) the owner requires the tenant to move permanently; or (2) the owner fails to provide timely required notices to the tenant; or (3) the tenant is required to move temporarily and the owner does not pay all actual, reasonable out-of-pocket expenses or because the conditions of the move are unreasonable.

After Execution of Agreement. A tenant moves permanently from the project after execution of the agreement covering the acquisition, rehabilitation or demolition because the tenant is not provided the opportunity to lease a suitable, affordable unit in the project.

P. HOME RESIDENTIAL ANTI-DISPLACEMENT AND RELOCATION ASSISTANCE PLAN.

THDA will require grant recipients to replace all occupied and vacant habitable lower income housing demolished or converted to a use other than as lower income housing in connection with a project assisted with funds provided under the HOME Investment Partnership Act

All replacement housing will be provided within three years after the commencement of the demolition or conversion. Before entering into a working agreement committing THDA to provide funds for a project that will directly result in the demolition or conversion, THDA will make public by and submit to the HUD/Knoxville HOME coordinator certain information. Each applicant proposing demolition or any reduction in lower income housing units must submit the following information to THDA:

1. A description of the proposed assisted project;
2. The address, number of bedrooms, and location on a map of lower income housing that will be demolished or converted to a use other than as lower income housing as a result of an assisted project;
3. A time schedule for the commencement and completion of the demolition or conversion;
4. To the extent known, the address, number of bedrooms and location on a map of the replacement housing that has been or will be provided;
5. The source of funding and a time schedule for the provision of the replacement housing;
6. The basis for concluding that the replacement housing will remain lower income housing for at least 10 years from the date of initial occupancy; and,

7. Information demonstrating that any proposed replacement of housing units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units), or any proposed replacement of efficiency or single-room occupancy (SRO) units with units of a different size, is appropriate and consistent with the housing needs and priorities identified in the approved Consolidated Plan.

Q. EQUAL OPPORTUNITY AND FAIR HOUSING.

No person in the United States shall on the grounds of race, color, religion, sex, familial status, national origin, or disability be excluded from participation, denied benefits or subjected to discrimination under any program funded in whole or in part by HOME funds. The following Federal requirements as set forth in 24 CFR 5.105(a), Nondiscrimination and equal opportunity, are applicable to HOME projects:

1. Fair Housing Act, 24 CFR Part 100
2. Executive Order 11063, as amended 24 CFR Part 107 (Equal Opportunity in Housing)
3. Title VI of the Civil Rights Act of 1964, 24 CFR Part 1 (Nondiscrimination in Federal programs)
4. Age Discrimination Act of 1975, 24 CFR Part 146
5. Section 504 of the Rehabilitation Act of 1973, 24 CFR Part 8
6. Section 109 of Title I of the Housing and Community Development Act of 1974, 24 CFR Part 6
7. Title II of the Americans with Disabilities Act, 42 U.S.C. §12101 et seq.
8. Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity, 24 CFR Parts 5, 200, 203, 236, 400, 570, 574, 882, 891 and 982
9. Section 3 of the Housing & Urban Development Act of 1968 24 CFR 135
Section 3 requires that the employment and other economic opportunities generated by Federal financial assistance for housing and community development programs shall, to the greatest extent feasible, be directed toward low-income persons, particularly those who are recipients of government assistance for housing.
10. Executive Order 11246, as amended 41 CFR 60 (Equal Employment Opportunity Programs)
11. Executive Order 11625, as amended (Minority Business Enterprises)
12. Executive Order 12432, as amended (Minority Business Enterprise Development)

13. Executive Order 12138, as amended (Women's Business Enterprise)
14. Executive Orders 11625, 12432, and 12138 (Minority/Women's Business Enterprise) require that Participating Jurisdictions (PJ) and local programs must prescribe procedures acceptable to HUD for a minority outreach program to ensure the inclusion, to the maximum extent possible, of minorities and women and entities owned by minorities and women in all contracts. Local programs must also develop acceptable policies and procedures if their application is approved by THDA.
15. The HUD Office of Fair Housing also includes the following fair housing laws and Presidential Executive Orders which are not included in 24 CFR 5.105(a) but which are applicable to federally-assisted programs:
 - a. Architectural Barriers Act of 1968 at 42 U.S.C. §4151 *et seq.*
 - b. Executive Order 12892, as amended (Affirmatively Furthering Fair Housing)
 - c. Executive Order 12898
 - d. Executive Order 13166 (Limited English Proficiency)
 - e. Executive Order 13217 (Community-based living arrangements for persons with disabilities)

In addition to the above requirements, the PJ and local programs must assure that its Equal Opportunity and Fair Housing policies in the HOME Program are consistent with its current Consolidated Plan.

R. PERSONAL RESPONSIBILITY AND WORK OPPORTUNITY RECONCILIATION ACT OF 1996, AS AMENDED.

The Grant Recipient must administer its grant in accordance with all applicable immigration restrictions and requirements, including the eligibility and verification requirements that apply under Title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, as amended (8 U.S.C. 1601-1646) (PRWORA) and any applicable requirements that HUD, the Attorney General, or the U.S. Citizenship and Immigration Services may establish from time to time to comply with PRWORA, Executive Order 14218, or other Executive Orders or immigration laws.

No Grant Recipient that receives funding under this grant may use that funding in a manner that by design or effect facilitates the subsidization or promotion of illegal immigration or shields illegal aliens from deportation, including by maintaining policies or practices that materially impede enforcement of federal immigration statutes and regulations.

The Grant Recipient must use SAVE, or an equivalent verification system approved by the Federal government, to prevent any Federal public benefit from being provided to an ineligible

alien who entered the United States illegally or is otherwise unlawfully present in the United States. Requirements for the use of SAVE will be outlined in THDA's HOME Manual.

S. BUILD AMERICA BUY AMERICA ACT.

The Build America, Buy America Act (BABA) was enacted as part of the Infrastructure Investment and Jobs Act on November 15, 2021 and established a domestic content procurement preference applicable to all HOME funded activities obligated for infrastructure projects, including housing construction and rehabilitation.

BABA requires that all iron, steel, manufactured products, and construction materials used for federally funded infrastructure projects are produced in the United States, unless otherwise exempt or subject to an approved waiver. This requirement is known as the "Buy America Preference (BAP)" and the specific requirements are codified in 2 CFR § 184.

Implementation guidance for all HOME funded projects is found in HUD Notice CPD-2023-12.

T. AFFIRMATIVE MARKETING.

Prior to beginning a HOME project, Grant Recipients must adopt affirmative marketing procedures and requirements for all HOME-funded homebuyer projects with five or more units. Affirmative marketing steps consist of actions to provide information and otherwise attract eligible persons in the housing market area to the available housing without regard to race, color, national origin, sex, religion, familial status or disability. These must be approved by THDA prior to any HOME funds being committed to a project. Requirements and procedures must include:

1. Methods for informing the public, owners and potential tenants about fair housing laws and the local program's policies.
2. A description of what owners and/or the program administrator will do to affirmatively market housing assisted with HOME funds.
3. A description of what owners and/or the program administrator will do to inform persons not likely to apply for housing without special outreach.
4. Maintenance of records to document actions taken to affirmatively market HOME-assisted units and to assess marketing effectiveness.
5. Description of how efforts will be assessed and what corrective actions will be taken where requirements are not met.

U. ENVIRONMENTAL REVIEW.

In implementing the HOME program, the environmental effects of each activity must be assessed in accordance with the provisions of the National Environment Policy Act of 1969 (NEPA) and the related authorities listed in HUD's regulations at 24 CFR Parts 50 and 58.

THDA, as the Participating Jurisdiction, will be responsible for carrying out environmental reviews. THDA must request the release of funds from HUD for any projects of non-profit organizations. The non-profit organizations will be responsible for gathering the information required for the environmental reviews.

HUD's regulations at 24 CFR 58.22 prohibit applicants from **committing or spending HUD or non-HUD funds** on any activity that could have an adverse environmental impact or limit the choice of reasonable alternatives prior to completion of an environmental review once a project has become "federal." This prohibition on "choice-limiting actions" prohibits physical activity, including acquisition, rehabilitation, and construction, as well as contracting for or committing to any of these actions.

The restriction on undertaking or committing funds for choice-limiting actions does not apply to undertakings or commitments of non-federal funds before a project participant has applied for HUD funding. A party may begin a project in good faith as a private project and is not precluded from later deciding to apply for federal assistance. **However, when the party applies for federal assistance, it will generally need to cease further choice-limiting actions on the project, using either federal or non-federal funds, until the environmental review process is complete through issuance of the release of funds.**

Therefore, the Environmental Review covers the entire project, not just the portion funded by HOME. **Except under very limited circumstances, no funds, including both HOME and non-HOME resources, may be committed or expended on a project prior to the release of funds under the Environmental Review process. Any such expenditure will make the entire project ineligible for funding under the HOME program.**

V. LEAD-BASED PAINT.

Housing assisted with HOME funds is subject to the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821 et seq.) and 24 CFR Part 35, Subparts C through M. The lead-based paint provisions of 982.401(j) also apply, irrespective of the applicable property standard under 24 CFR 92.251. The Lead-Based Paint regulations are available at www.hud.gov/lead or by contacting 1-800-424-LEAD (5323).

W. RADON POLICY.

All THDA HOME funded projects are required to have an active Radon Mitigation System (RMS) installed.

Rehabilitated projects that were constructed with a slab-on-grade foundation must undergo radon testing. If test results indicate radon levels below 4.0 pCi/L, the project may be eligible to opt-out of RMS installation. All opt-out decisions are at the discretion of and subject to approval by THDA.

X. LABOR STANDARDS.

Davis-Bacon wage compliance and other Federal laws and regulations pertaining to labor standards apply to all contracts for rehabilitating or constructing 12 or more units assisted with HOME funds. The contract for construction must contain the applicable wage provisions and labor standards. Davis-Bacon does not apply to projects only using volunteer labor or to sweat equity projects.

Y. DEBARMENT AND SUSPENSION.

Local programs must require participants in lower-tier transactions covered by 2 CFR Part 2424 to certify that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from the covered transaction.

Z. FLOOD PLAINS.

HOME funds may not be used to construct housing in an area identified by the Federal Emergency Management Agency as having special flood hazards. In addition, THDA discourages the rehabilitation of units located in special flood hazard areas, but in a few instances and with written permission from THDA, houses located in a floodplain may be assisted. The community must be participating in the National Flood Insurance Program and flood insurance must be obtained on the units.

AA. CONFLICT OF INTEREST.

In the procurement of property and services, the conflict of interest provisions at 2 CFR 200.112, apply. In all cases not governed by 2 CFR 200.112, the conflict of interest provisions of the HOME Rule as stated below apply:

No owner, developer or sponsor of a project assisted with HOME funds (or officer, employee, agent, elected or appointed official, or consultant of the owner, developer or sponsor or immediate family member or immediate family member of an officer, employee, agent, elected or appointed official, or consultant of the owner, developer or sponsor) whether private, for profit or non-profit (including a CHDO when acting as an owner, developer or sponsor) may occupy a HOME-assisted affordable housing unit in a project during the required period of affordability specified in 92.252(e) or 92.254(a)(4). This provision does not apply to an individual who receives HOME funds to acquire or rehabilitate his or her principal residence or to an employee or agent of the owner or developer of a rental housing project who occupies a housing unit as the project manager or maintenance worker.

Grant Recipients should avoid conflicts of interest and the appearance of conflicts of interest in administering their HOME programs as THDA does not routinely consider requesting exceptions to the conflict-of-interest provisions from HUD. The existence of a conflict of interest or the appearance of a conflict of interest, as determined by THDA in its sole discretion, may be grounds for requiring repayment of HOME funding and limitations on future program participation.

BB. PROCUREMENT.

The solicitation of bids for goods and services as well as professional services contracts should be open and competitive. Cities, counties, and non-profit organizations must follow their procurement policies and meet all state and federal requirements. At a minimum, applicants must comply with 2 CFR 200.318 - General Procurement Standards.

Prior to solicitation of bids, the Grant Recipient should develop a comprehensive scope of work and perform an independent cost estimate. Grant Recipients should make every effort to obtain a minimum of 3 to 5 bids using formal advertising or requests for proposals for the procurement of professional services such as grant administration, inspections, and work write-ups. There must be an established, well-documented selection procedure and a written rationale for selecting the successful bid or proposal.

CC. COMPLIANCE REVIEWS AND MONITORING.

THDA's Compliance and Asset Management ("CAM") division is responsible for monitoring HOME Grant Recipients. Each HOME Grant Recipient will be monitored annually and in accordance with 24 C.F.R. 92. The scope of the monitoring includes a desk review of the client files as well as programmatic documents. A 20% sample of client projects are randomly selected for file review. The monitoring review will begin at 30% spend-down and will be conducted incrementally throughout at 50%, 80% and 100% spend-down.

DD. APPLICATION EVALUATION PROCEDURE.

THDA will evaluate each application to determine if the proposal meets threshold criteria. Threshold criteria includes submission of a complete application; proposal of an eligible activity; proposal of a project that in the opinion of THDA is physically, financially, and administratively feasible; and the proposal of a project that meets the requirements of 24 CFR Part 92, as amended.

All non-profit applicants must submit the most current version of the following required documentation in accordance with the application instructions. Items identified as "THRESHOLD" must be submitted with the application for funding consideration. All other items are required and any funding consideration will be conditional until their receipt and THDA's subsequent review and approval of the item. Required documents include:

1. Evidence that the applicant is organized and existing under the laws of Tennessee or, if organized and existing under the laws of another state, evidence that applicant is organized and existing in that state and authorized to do business in Tennessee. (THRESHOLD)
2. Documentation of an IRS designation under Section 501(c)(3) or 501(c)(4) of the federal tax code. A 501(c)(3) non-profit organization may not submit an application until they have received their designation from the IRS. A 501(c)(4) non-profit applicant must

provide documentation satisfactory to THDA, in its sole discretion, that the non-profit has filed the necessary material with the IRS and received a response from the IRS demonstrating 501(c)(4) status. (THRESHOLD)

3. Copy of Organizational Charter (THRESHOLD)
4. Copy of Organizational By-laws (THRESHOLD)
5. List of Board members including names; home address; occupation; a description of their primary contribution; length of service; phone number; email address; and date the term of service expires. (THRESHOLD)
6. Business plan or strategic management plan that demonstrates the agency's short term and long-term goals, objectives, and plans to achieve them.
7. The most recent financial audit or audited financial statements of the organization. (THRESHOLD)
8. Applicant Board Member and Corporate Disclosure Forms completed, signed by the organization's Executive Director and each Board Member and notarized.
9. Applicant/Board Member and Corporate Disclosure Form completed, signed by the Chairman of the Board or Executive Director on behalf of the organization and notarized.
10. One page explanation of how the Board of Directors is involved in the operation of the agency, including how often the Board meets, how the Board monitors and provides oversight for the agency's programs.
11. Resolution by the Board of Directors authorizing the submission of this application. (THRESHOLD)
12. List of staff members employed by the organization, including how many are full-time or part-time, their specific responsibilities related to housing programs, and how many years of experience each staff member has in housing development. (THRESHOLD)
13. Documentation of agency operating funds from other sources, including how much annually and from what sources.
14. Explanation of any other programs operated by the organization, including the program(s) and its funding source(s).
15. Explanation of the agency's experience in housing, particularly in providing housing to low and very low-income households in Tennessee. (THRESHOLD)

Applicants must submit all required documentation to THDA per instructions included in the Application package. Other methods of delivery will not be considered.

Documentation must be submitted to demonstrate that the organization meets threshold requirements and has the capacity to provide affordable housing for low-income households, including the administration of the proposed project.

To be eligible for funding, an application must receive a minimum threshold score of 60, an amount equal to at least 50% of the total points available.

Applications meeting the threshold criteria will be scored and ranked in descending numerical order within the scoring matrix, based on the criteria provided below. In the event of a tie score, THDA will select the applicant in the following order:

1. Application with the highest capacity score.
2. Application with the lowest prior year un-expended funds deduction.
3. Application with the highest percentage of Match.

SCORING MATRIX

UP TO 120 POINTS

1. PROGRAM DESIGN, PLANNING AND CAPACITY

Up to 60 points

Demonstration of exceptional project planning and readiness.

Up to 30 points

- The program design is complete and all necessary components to accomplish the project are identified in the application.
- Sites have been identified and the CHDO has site control. NOTE: THDA will not be able to issue a Working Agreement unless there are specific addresses or a legal description for the property.
- The CHDO has a pipeline of potential homebuyers ready to purchase or working toward readiness to purchase. NOTE: The commitment of CHDO funds must be to a specific address and homebuyer to meet HUD's definition of CHDO commitment by the 24-month deadline.
- The CHDO has completed an examination of neighborhood market conditions demonstrating a need for the proposed housing and the anticipated housing types, as well at the target locations or neighborhoods for which the housing is intended.
- The CHDO has secured other funding for the project and has included funding commitment letters in the application.

Demonstration of sufficient capacity beyond threshold.

Up to 30 points

- The CHDO has developed successful affordable housing projects of similar size, scope and complexity.
- The CHDO has a demonstrated capacity to manage homeownership programs.
- The CHDO has demonstrated development capacity.
- The CHDO's operating budget reflects multiple sources of funding.
- If previous experience under HOME, the CHDO:
 - Has the demonstrated ability to conform to the timeframe of Attachment B: Implementation Plan of the HOME Working Agreement;
 - Has demonstrated its ability to commit and draw down funds in a timely manner;
 - Has demonstrated the ability to complete a project within the contract term;
 - Has a lack of monitoring findings; and,
 - Appropriately responds to client concerns or complaints and to THDA staff.

2. CHDO SERVICE AREA NOT IN A PJ

Up to 5 points

THDA shall award up to 5 points to applications where 100% of the units to be developed with the initial use of the grant funds are not in an area designated as a Local PJ by HUD. Local PJs include Chattanooga, Clarksville, Jackson, Knoxville, Memphis, Murfreesboro, Nashville/Davidson County, Knox County, Shelby County, and the Northeast Tennessee/Virginia Consortium (the cities of Bristol, Kingsport, Johnson City, Bluff City, Sullivan County, and Washington County, excluding the Town of Jonesborough).

3. PUBLIC PRIVATE PARTNERSHIP FOR NEIGHBORHOOD REDEVELOPMENT 10 points

To receive points under this criterion, the CHDO must partner with a local unit of government or a local quasi-governmental entity by means of a MOU or other partnership agreement, outside of THDA's contract, for the purpose of the development of affordable housing.

The MOU must meet the requirements listed in Section H of this program description.

- a. The CHDO must have a strategy approved by its Board to redevelop an area that ties into a larger strategic plan of a City or County's efforts to stabilize a focused area that requires revitalization.
- b. The targeted neighborhood area(s) in which all units will be rehabilitated and/or constructed is clearly identified in the MOU.
- c. The units to be rehabilitated or constructed must be for sale to eligible low-income homebuyers, as defined in Section I of this program description.
- d. Match contributions, at minimum, must meet the following requirements:
 - 1) Donation or sale of a suitable parcel of land for home development, without encumbrance of any kind and with all taxes paid current, as defined in Section F of this program description.
 - 2) The donated cost of demolition and disposal of any existing structures on the building parcel, including all landfill fees if unit demolition is a required part of lot development.
 - 3) Fees controlled by the local government such as building permits, impact fees or other development fees must be waived by the local government and provided as a donated match to the project. To the extent, the local government controls utility connection and tap fees, these fees must be waived or significantly discounted in order to meet the match eligibility requirements of the HOME program.

4. MATCH

Up to 15 points

THDA will award up to 15 points to applications that include a committed contribution of eligible match resources towards the project implementation. A commitment of eligible match contribution from an external source must be documented in the application from the source providing the contribution. To determine the points awarded, THDA will not round the

percentage calculated.

- The project's sources include an eligible HOME match contribution that is equal to or greater than 15% of the proposed HOME funds to be used for project costs. = **15 Points**
- The project's sources include an eligible HOME match contribution that is equal to or greater than 5% and less than 15% of the proposed HOME funds to be used for project costs. = **10 Points**
- The project's sources include an eligible HOME match contribution that is equal to or greater than 1% and less than 5% of the proposed HOME funds to be used for project costs. = **5 Points**
- The project's sources include an eligible HOME match contribution that is less than 1% of the proposed HOME funds to be used for project costs. = **0 Points**

5. LEVERAGE

Up to 10 points

THDA shall award up to 10 points to applications that include the use of funds from other sources. THDA will award points in this category based on the actual percentage of other funds in the project. Leveraged funds counted in one program year do not qualify again as leverage in subsequent years. In order to receive points, there must be written documentation for the leveraged funds in the application.

6. ENERGY CONSERVATION

Up to 10 points

For acquisition/rehabilitation and sale type homeownership projects, THDA shall award up to 10 points to applications that, to the extent feasible, include at least three energy conservation measures beyond that required by THDA's Design Standards for Rehabilitation in the rehabilitation of each unit.

For new construction homeownership projects, THDA shall award up to 10 points to applications that include at least three energy conservation measures beyond that required by THDA's Design Standards for New Construction.

7. UNIVERSAL DESIGN

Up to 10 points

For new construction or acquisition/rehabilitation type homeownership projects, THDA shall award **up to 10 total points** to applications that include additional identified universal design features in each unit. Points will be awarded based on the schedule below.

Item "a" is worth four (4) points. All other items are worth two (2) points each. The maximum number of points that can be awarded under this category is 10.

- a. One entrance door that is on an accessible route served by a ramp or no-step entrance and which also has a 36" door.

- b. All interior doors are a minimum of 32 inches of clear passage space except to closets of less than 15 square feet.
- c. All hallways have a clear passage of at least 36 inches and are level with ramped or beveled changes at each threshold.
- d. Each electrical panel, breaker box, light switch or thermostat is no higher than 48 inches above the floor.
- e. Each electrical plug or receptacle is at least 15" above the floor.
- f. Minimum 5' x 5' level clear space inside and outside entry door.
- g. Broad blocking in walls around each toilet, tub and shower for future placement of grab bars.
- h. Full-extension, pull-out drawers, shelves and racks in base cabinets in kitchen.
- i. Front mounted controls on all appliances.
- j. Lever door handles on all doors.
- k. Loop handle pulls on all drawers and cabinet doors.
- l. One bathroom on the main floor that can be accessed in a wheelchair.

8. PRIOR YEAR UNEXPENDED HOME FUNDS DEDUCTIONS

Up to -5 Points

CHDOs that administered a HOME grant year in 2022-2025 and have successfully closed their HOME grant are eligible for application if the spend down requirement is met, as detailed under Section A - Eligible Applicants, Item 8 of this program description. Any grant that successfully closed but did not expend 100% of the HOME grant funds awarded will be subject to a point deduction. The maximum number of points that can be deducted under this category is 5. The number of points deducted is contingent upon the balance of HOME grant funds left unspent.

The balance of unspent HOME funds will be subject to the following deductions:

Over \$50,000.00	-5 Points
\$30,000 - \$49,999.99	-4 Points
\$20,000 - \$29,999.99	-3 Points
\$10,000 - \$19,999.99	-2 Points
\$1 - \$9,999.99	-1 Point
