

Faces Behind the Funding

At THDA, we are proud of the important work you do to help provide safe, sound, and affordable housing opportunities for Tennesseans. Our Communications Division is eager to share the stories and successes we've achieved together—but we need your help.

As the point of contact for individuals and families who have directly benefited from THDA programs, you often see and hear stories of how lives are being changed. Because of your existing relationships, these individuals may feel more comfortable connecting with you than with a government representative.

Here is how you can help:

- **Share contact information (with permission)**
Provide your contact details, along with the name and contact information of an individual or family who has participated in a THDA program.
- **Assist with interview coordination**
Help connect THDA's Communications team with the individual or family to schedule an interview and photo opp.

Don't have an individual who is willing or able to tell their story? That's ok! Tell us how your organization is using THDA funding to make a difference in your area.

- **Tell your organization's story**
Some partner organizations may not be able to share personal information and that's ok! Use the form below to tell us how your organization is doing great work with funding allocated by THDA.

Submit this form (or just the requested information) to news@thda.org.
