THDA uses an online data portal through [Comergerence by Optimal Blue](#) to process new lender applications. Lenders should visit the [THDA website](#) to review the application process. No documents should be overnighted or emailed to THDA unless requested.

ORIGINATING AGENT WORKING AGREEMENT

The written agreement between an Originating Agent and THDA, which must be executed before any loan applications will be accepted by THDA for processing (the "Working Agreement"), contains the basic contractual agreements between the Originating Agent and THDA. The Working Agreement sets forth general terms under which the Originating Agent is authorized to act on behalf of THDA.

The Working Agreement also incorporates the contents of this Guide, prior guides, and other written instructions that may be issued by THDA to provide instruction and direction in the daily operation of THDA's programs. THDA has separate working agreements for the MRB program and the MBS program.

CORRESPONDENT RELATIONSHIPS

THDA QUALITY CONTROL AND RISK MANAGEMENT

Prefunding Quality Control Reviews

THDA is implementing a preclosing quality control review process. When an Originating Agent's file is selected for preclosing review, the following condition will be reflected on the file "This loan has been selected for a prefunding QC review. Additional conditions may apply." Any additional conditions required by the QC review must be submitted by the OA to THDA. The loan cannot close until the time the OA is provided with a commitment from THDA.

Quality Control Reviews

THDA will perform a monthly Quality Control review of no less than 10% of loans purchased by THDA. The selection will include random and discretionary loans. The OA will be notified of any defects at the loan level. The defects are a balance between THDA's risk management, insure/guarantor's risk management, and best practices of quality assurance business processes. The Originating Agent will submit any loan level documentation requested by THDA to clear necessary defects.

Early Payment Default Reviews

THDA considers Early Payment Defaults (EPD) as any mortgage that becomes delinquent within the first year. THDA requires Originating Agents review all EPD on a monthly basis. In addition to the Originating Agent using Neighborhood Watch to assist with identifying FHA EPD, THDA will provide to the Originating Agent's contact on record the EPD loans identified monthly by THDA's Servicing Department. Loans identified as EPD must be reviewed immediately to prevent loan(s) from becoming 60 days delinquent in the first 6 months or 90 days delinquent in the first 12 months.

With the exclusion of first payment defaults, THDA will require a quality control performed on all EPD loans with a delinquency status of 60 days in the first 6 months or 90 days in the first 12 months. EPD within the first 6 months will be the OA's responsibility to conduct a Quality Control review which meets the standards as outlined in the OA's Quality Control Plan. OA must complete the initial Findings report within 60 days of the date notified by THDA and provide THDA a summary of the report. OA will have 30 days from the initial findings report to mitigate any findings and provide final finding report to THDA, if necessary. THDA will conduct a quality control for all EPD loans 90 days delinquent in the first 12 months. First payment defaults are subject to be repurchased.

An OA who fails to respond within the above timeline for EPD may be suspended from reserving and/or submitting new loan applications to THDA.

Loan Level Defects/Findings

THDA will notify OA of any loan level defect(s) identified during any QC review performed by THDA.

THDA will request a response and remedy for the defect(s). Potential remedies:

- **Mitigating Documentation**

Defects may be mitigated with the OA's submission of additional documentation which adequately addresses the defect/finding.

- **Indemnification**

When all alternatives have been exhausted and the loan is not in violation of any items listed in the loan repurchase obligation, OA may resolve defects and findings by indemnifying THDA against the risk of financial losses by signing a 5 year or Life of Loan Indemnification agreement. With the execution of an indemnification, OA is expected to comply with all terms of the agreement, which includes returning all loan level Service Release Premium to THDA and paying an administrative fee of \$1,500.

The OA must report any Findings of fraud or material misrepresentation to THDA immediately. An OA who fails to respond within a reasonable time to THDA inquiries or requests for documentation may be suspended from reserving and/or submitting new loan applications to THDA.

Exclusion Lists

THDA requires all parties involved in the loan process to be screened against the appropriate exclusion lists. This includes employment listed in the QC plan for hiring procedures and all parties involved in the loan process to meet Exclusion List guidelines as set by the Agency. Exclusion lists include but are not limited to: The Limited Denial of Participation (LDP) list, General Services Administration (GSA), Freddie Mac Exclusionary List (FMEL) and The Office of Foreign Assets Control (OFAC).

THDA will maintain a list for any debarred or suspended lenders or individuals from THDA's mortgage loan program.

Information Security Standards

With the ever increasing focus on cyber security and the risk it poses to organizations that house and use Personal Identifiable Information in the course of their normal business, THDA requires that Originating Agents meet certain Information Security Standards.

THDA's Information Technology Department will assess the Originating Agent's Information Security Policies for industry best practices on protecting against cybersecurity threats and protecting customer data.

These requirements / best practices include:

1. The Originating Agent is a US-based company with no offshore IP.
2. The Originating Agent maintains a policy against password sharing.
3. The Originating Agent maintains a clean desk policy.
4. The Originating Agent maintains appropriate controls and disciplinary action for policy violations or mishandling of customer data.
5. The Originating Agent facilitates a cybersecurity training program for its employees, minimally, on an annual basis.
6. The Originating Agent employs data encryption practices for confidential data in transit and at rest. This includes encryption practices for confidential information sent via email, portals, SFTP sites, etc.

LOAN REPURCHASE

Repurchase Obligation

THDA, in its sole discretion, may refuse to purchase any loan, and may require an Originating Agent to repurchase any loan(s) when any of the following exist:

1. Commitment conditions are not satisfied, or loan did not close in accordance with terms of the Commitment; or
2. The Originating Agent fails to deliver any documents required by the Guide or pursuant to any condition of purchase by THDA, all in form and substance as required by THDA or by State and Federal statutes and regulations, and satisfactory to THDA in its sole discretion, within the period provided in the Guide; or
3. It is determined, at any time, that any representation made by the Originating Agent with respect to the Mortgage Loan was untrue when made or any warranty or term in the Mortgage Purchase Agreement Working Agreement or in the Guide has been breached; or
4. It is discovered during EPD review the borrower did not make the first payment to the Servicer ("first payment default"); or
5. The Originating Agent fails to deliver to THDA any FHA, VA, HUD, RD-USDA, or private mortgage insurance Mortgage Insurance Certificate or Guaranty Certificate with respect to any First Mortgage Loan sold and delivered to THDA within the period provided in the Guide or an entity other than THDA or the Originating Agent is named on the MIC, LGC, USDA/RD guarantee (3555-11, 3555-17 or 3555-18) or PMI Certificate;

6. The Originating Agent, if at any time whether prior to or after purchase by THDA enters into an indemnification agreement with an Agency, whereby the Mortgage Loan does not fully meet the requirements of THDA's Guide or the Mortgage Purchase Agreement.; or
7. THDA is required to repurchase a Mortgage Loan for underwriting or compliance deficiencies, fraud, or misrepresentation related to the origination of the Mortgage Loan; or
8. It is determined that property is not in compliance with any and all Agency guidelines for minimum property standards and loan insurance, including Manufactured Homes de-titled within 90 days of closing; or
9. It is determined, at any time, through THDA's quality assurance review process or otherwise that there are material underwriting or compliance deficiencies that could not be cured, or that the Mortgage Loan was originated based on fraud or misrepresentation.

An Originating Agent who fails to repurchase loans upon demand may be suspended from reserving and/or submitting new loan applications to THDA, and THDA may pursue other remedies as specified in the Working Agreement.

Repurchase Price

The amount necessary to repurchase a loan is:

1. The sum of the outstanding principal and interest on the Great Choice loan and the Great Choice Plus loan, if applicable.
2. Monthly escrow adjustment.
3. Service release premium, if applicable.
4. Lender Compensation if Repurchase is within 12 months of loan purchase.

Repurchase Procedure

In the event THDA demands repurchase of a loan, the following procedures all apply:

1. THDA will provide instructions for obtaining the repurchase price by a certain deadline.
2. The Originating Agent must prepare an Assignment from THDA to the Originating Agent and submit it to the THDA Servicer, who will forward the Assignment to THDA for execution.
3. The Originating Agent must wire the required repurchase price to the THDA Servicer according to instructions provided by the THDA Servicer.
4. Upon receipt of the repurchase price, THDA will sign and notarize the Assignment and return it to the Originating Agent with the loan file.
5. After repurchase, THDA will reimburse Originating Agent for all principal and interest received by THDA after the repurchase date.

Loans declared ineligible for purchase by THDA and loans repurchased from THDA are not eligible for subsequent purchase by THDA.

FEES ORIGINATING AGENT MAY EARN

Originating Agents may earn the following fees in connection with THDA loans:

1. **Origination Fee** - charged by the lender is based on the rate sheet and product offering at the time the loan is locked. THDA will pay lender compensation at the time of loan purchase based on the rate sheet and product offering. Normal and Customary Fees – including, without limitations, appropriate application fee. Either Applicant or Seller may pay fees. Loan Estimate and Closing Disclosure should not list any fees payable to THDA. However, section A, page 2 of the loan estimate/closing disclosure cannot exceed \$1,400 for all charges payable to the lender.
2. **Service Release Premium (SRP)** – Upon loan completion, THDA will pay SRP based on the rate sheet and product offering at the time the loan is locked. (See Section VIII, [Servicing Procedures](#))
3. **Interest** - an Originating Agent may retain per diem interest at the note rate for the number of days Originating Agent holds the loan prior to purchase by THDA.

MORTGAGE REVENUE BONDS (MRB) INCOME LIMITS, IRS REV. RULING 86-124

Defining Household

1. **Accuracy of Household Composition** - Although not a critical issue in other sources of financing, the accuracy of household composition must be determined for purposes of establishing maximum income limit of Applicant. Example 1-2 person household or more than 3. If the Originating Agent becomes aware, at or prior to closing, that the household composition may differ from the composition first proposed, documentation must be corrected and submitted to THDA.
2. **Separated Applicant** - A separated spouse who will not occupy the property must furnish verification of their current residence to ensure accuracy of Household Composition.
3. **Expected Childbirth** - Do not include an unborn child for purposes of determining the number of persons in the household.

Defining MRB Income

The Applicant cannot have, at the time of application or at closing, an MRB Income greater than the applicable MRB Income Limit. **Income reasonably expected over the next 12 months based on past income should be considered.**

MRB Income is the total annual gross income, earned and unearned, from all sources, before taxes or other deductions, received by the Applicant(s).

Determining MRB Income, as described in this section, is essential for determining eligibility for THDA loan programs. This determination of MRB Income is an initial step that is separate and different from subsequent credit underwriting for compliance with Agency regulations.

MRB Income Inclusions

The income to be taken into account in determining the gross monthly income is the income of **the Applicant(s) and any other person who is expected both to live in the residence being financed and to be secondarily liable on the mortgage:**

1. Wages, whether salary or hourly; including vacation, sick, and holiday pay;
2. Overtime earnings, fees, tips, bonus, shift differential and other compensation for personal services **if the borrower has received this income for the past two years and it is reasonably likely to continue**. Periods of Overtime, Bonus, or Tip Income less than two years may be considered if the Mortgagee documents that the Overtime, Bonus, or Tip Income has been consistently earned over a period of not less than one year and is reasonable likely to continue (per Agency guideline). If used for qualifying purpose, it must be used for MRB Income purpose;
3. Commissions;
4. Social Security payments;
5. Interest, dividends and other net income of any kind from real or personal property; (any withdrawal of cash or assets from an investment will be included as income, except to the extent the withdrawal is reimbursement of cash or assets invested by the Applicant(s)); also, the greater of actual earnings or imputed earnings from liquid assets in excess of \$5,000.00.
6. Alimony, child support and other recurring maintenance payments that have been **consistently received**;
7. Payments from annuities, insurance policies, pensions, retirement funds, royalties, sick pay, trust income, disability, death benefits or other type of payments that are not considered temporary, nonrecurring or sporadic;
8. Armed Forces pay, including regular pay, special pay and allowances (excluding special pay for exposure to hostile fire);
9. Welfare assistance;
10. Relocation payments made pursuant to Title II of the Uniform Relocation Assistance and Real Property Acquisition Act of 1970;
11. Benefit and other non-earned income;
12. Any other source of income, except as noted in "Exclusions from Household Income".
13. Annual net income from rental (net rental income is calculated at 75% of gross rent).
14. Total annual net income from operating a business or profession, including expenditures for business expansion or capital indebtedness, and withdrawal of cash or assets except to the extent the withdrawal is for reimbursement of cash or assets invested in the operation by a household member; an allowance for deduction of straight line depreciation of assets used in the operation is allowed.

MRB Income Exclusions

When calculating Household Income DO NOT include

1. Income for any household member that is **not** secondarily liable for the mortgage.
2. Payments received for care of foster children or foster adults. Unless payments are used for mortgage loan qualification purpose according to Agency's guidelines;
3. Adoption assistance payments;

4. Amounts that are specifically for, or in reimbursement of, the cost of medical expenses for a household member;
5. Income of a live-in aide;
6. Student financial assistance (educational grants, scholarships, educational entitlements, work-study programs and financial aid packages) paid directly to the student or to the educational institution;
7. Armed Forces special pay for exposure to hostile fire;

10. Amounts received by a disabled person that are disregarded for a limited time for purposes of Supplemental Security Income (SSI) eligibility and benefits because they are set aside for use under a Plan to Attain Self-Sufficiency (PASS);
11. Amounts received by a participant in a publicly assisted program which are specifically for or in reimbursement of out-of-pocket expenses (such as special equipment, special clothing, transportation, child care, etc.) and which are made solely to allow participation in a specific program, such as the Community Work Experience Program, or the Employment Search Program; this exemption also includes volunteer fire-fighters;
12. Temporary, sporadic or nonrecurring income, including gifts;
13. The value of Food Stamps;
14. 16. VA service-connected disability benefits

RESIDENCE REQUIREMENT

The Applicant(s) must occupy the property as their permanent, principal residence within 60 days after the THDA loan is closed. The Applicant(s) must use the property as their permanent, principal residence for the life of the THDA loan.

THREE YEAR REQUIREMENT

Applicant(s) who have had an ownership interest in their principal residence within the three years (a full 36 calendar months) prior to the date of application are not eligible for a THDA loan. When an applicant is married, both spouses must meet the three year, first-time homebuyer requirement. A divorced Applicant that did not have an ownership interest in their principal residence per the Final Divorce Decree is eligible for a THDA loan.

The three year requirement does not apply if the property to be acquired with the THDA loan is located within a [Targeted Area](#) or under certain circumstances if the applicant is a [veteran](#).

Permitted Ownership Interests

An Applicant may have the following ownership interests in their principal residence within the last three years and be eligible for a THDA loan:

1. An ordinary lease, with or without an option to buy;
2. The interest of a buyer under a standard residential purchase contract;
3. A mere expectancy to inherit property at a later date;
4. A remainder interest;
5. A manufactured home without ownership of the land on which it is located;
6. Any of the prohibited ownership interests if the property is in a Targeted Area;
7. Any other interest that is not a prohibited interest, as determined by THDA.

An Applicant may also have the following ownership interests within the last three years and be eligible for a THDA loan:

1. An ownership interest in a vacation home or rental property;
2. A financial interest in a residence in which the Applicant has not resided at any time within the last three years

Prohibited Ownership Interests

Determine whether the property is in a [Targeted Area](#). If the property is in a Targeted Area, this requirement does not apply.

Applicants who have had any of the following ownership interests in their principal residence within the three years (a full 36 calendar months) before the date of the THDA loan application are not eligible for a THDA loan to acquire property located within a non-Targeted Area:

1. A fee simple interest;
2. A joint tenancy;
3. A tenancy in common;
4. A tenancy by the entirety;
5. The interest of a tenant-shareholder in a cooperative;
6. A life estate;
7. A land contract;
8. Ownership of a manufactured home and the land on which it was located, if the manufactured home was titled and assessed as real property;
9. An interest in an Applicant's principal residence created by the existence of an inheritance, whether title is vested in the Applicant or not
10. Any of the above interests held in a trust (whether or not created by the Applicant) that would constitute an ownership interest if held directly by the Applicant.

11. Interest arising because, within the last three years, the Applicant's name was included on a deed to a residence which the Applicant occupied as their principal residence.
12. Interest arising because the Applicant is currently married to a person who has one of the prohibited ownership interests in a residence which Applicant occupies as their principal residence within the last three years.
13. Any other interest that constitutes an ownership interest, as determined by THDA.

Veteran Exemption

Veterans and their spouses do not have to meet the three year requirement (i.e. be a first-time homebuyer) under certain circumstances to be eligible for THDA's mortgage programs. "Veterans" as defined in 38 U.S.C. Section 101, so long as the Veteran did not previously receive a bond finance mortgage under this exception and, generally, includes anyone (a) who has served in the military and has been released under conditions other than dishonorable or (b) who has re-enlisted, but could have been discharged or released under conditions other than dishonorable.

NEW MORTGAGE REQUIREMENT

A THDA loan cannot be used to refinance an existing loan. A THDA loan may replace a temporary construction or bridge loan if acceptable documentation is provided to THDA that such a loan has a non-renewable term of twenty-four (24) months or less, documented with a copy of the construction or bridge loan note and recorded Deed of Trust. A THDA loan cannot close with a three-day Right of Rescission. All THDA loans must be amortized for a term of 30 years, unless a different term is specifically stated in this Guide.

TARGETED AREAS

A Targeted Area is a qualified census tract, or an area of chronic economic distress as designated by the IRS. A Targeted Area may be an entire county or may be a particular census tract within a county. The Targeted Area designation is important for two reasons:

1. The Three Year Requirement does not apply in Targeted Areas; and
2. THDA is required to use or set aside a portion of the proceeds from each bond issue for loans in Targeted Areas.

Documentation in each application file submitted to THDA must correctly identify whether the property is or is not located within a Targeted Area. The Appraisal must identify the relevant census tract. If a discrepancy occurs in the census tract information reported on the appraisal versus the census tract shown on the Flood Hazard Determination, the Originating Agent must clarify and provide correct census tract information to THDA.

Census Tracts

The US Census Bureau divides the United States into many small geographic areas and identifies each with a unique series of numerals separated by decimals. These numbers indicate the property's state, county, tract, and sub-tract.

6. Must complete homebuyer education from a THDA approved provider prior to closing from a THDA approved provider.

PROPERTY ELIGIBILITY

Eligible Property

Eligible property must meet all of the following requirements including being acceptable in the Agency Handbooks:

1. Be one of the following:
 - a) A one unit single family home;
 - b) A row-house, townhouse, condominium or be part of a planned unit development. For a property located in a condominium development, including developments less than 100% complete, the condominium development must have approval by either FHA, VA, USDA/RD, FHLMC or FNMA per loan type;
 - c) A 2-4 unit residence, one unit of which must be occupied by Applicant as his/her principal residence;
 - d) Any of the above types of residences, existing, new or proposed:
 1. built on site, or
 2. a modular home permanently attached to a foundation (in compliance with HUD guidelines, or

- e) a HUD approved double-wide manufactured home permanently attached to a foundation (in compliance with HUD Guide 4930.3G, "Permanent Foundations Guide for Manufactured Housing").. If any portion of a residence includes a manufactured home, the residence is classified as a manufactured home for THDA's purposes. A structural engineer's report is required stating that the home is permanently attached to a foundation in compliance with HUD guideline. De-title information should be provided to THDA with loan submission.
 - f) Evidence property has been de-titled by the state of Tennessee or proper de-titling information provided to THDA.
2. Any property consisting of more than one unit as described above and the property is not zoned appropriately, will not be eligible for THDA funding.
 3. Accessory unit/mother-in-law suite is acceptable if documentation provided the unit is not used in a trade or business. If the unit is to be rented, then it is subject to the not greater than 15% trade or business rule and the unit has to be at least 5 years old under the tax code.
 4. Not to be used in a trade or business or as an investment property, vacation home or seasonal home. Individuals claiming a business deduction on their Federal Income Tax Returns is acceptable as long as the square footage used for a business deduction is 15% or less. In most cases this is a small portion of the home used as an office and the tax return must show the percentage of square footage used for the business deduction..
 5. Be in good condition, meet state and local codes, and comply with local zoning in its present use.
 6. Be in complete compliance with any and all loan program Agency guidelines for minimum property standards and loan insurance. Any closed loan subsequently found ineligible for insurance for a property related issue, as determined by the relevant Agency, is ineligible for THDA funding and immediately subject to repurchase by the Originating Agent, without exception.
 7. In order for a HUD owned property to be considered an eligible property for THDA funding, it must be listed for sale as:
 - "Insurable", meaning that FHA's MPR has been met at the time of the appraisal, and no repairs are required regardless of program type (FHA, VA, USDA/RD, or Conventional);
 - or
 - "Insurable With Conditions" and all conditions have been satisfied to fully meet FHA's MPR or HUD is providing escrow funds to cover the costs of required repairs regardless of program type (FHA, VA, USDA/RD, or Conventional).

The HUD Appraisal must include the estimated cost of any required repairs and must state that the utilities were on. THDA will allow HUD escrow for repairs to be included in the loan amount. THDA will also allow borrower funded escrow for required repairs. The appraiser must specify the cost of any and all required repairs. An actual

bid from a licensed contractor stating the total cost of the required repairs may be required by THDA. The Originating Agent must be responsible to ensure that adequate funds are available to complete the required repairs and at a minimum, follow HUD's guidelines for the cost of the repairs that must be held in escrow. The required repairs must be completed within 60 days of the date of loan closing and a clear, final inspection by the appraiser or Originating Agent is required. An escrow agreement signed by the Originating Agent and the borrower must be provided to THDA. THDA reserves the right to reject any request for escrows.

Appraisals

The Originating Agent is responsible for selecting appraisers and reviewing the quality of their work. THDA does not maintain a list of approved appraisers; however, THDA reserves the right to refuse appraisals from specific appraisers or appraisal firms. THDA also reserves the right to require a new appraisal prepared by a different appraiser or to require additional information, including additional comparable sales.

As an element of THDA's quality control process, appraisal desk reviews and field reviews may be ordered by THDA. Reviews indicating that the original appraisal contained unrealistic valuation methods or conclusions, or reviews that reveal patterns of inappropriate valuations, may result in the suspension of the appraiser from THDA's programs, or other appropriate action.

All application files submitted for THDA underwriting must include a Uniform Residential Appraisal Report (URAR), completed by an appraiser who is licensed by the State of Tennessee, and who has no financial interest in the transaction.

If an appraiser observes conditions that require further investigation, the appraiser must make the appraisal "subject to" an inspection by an appropriately licensed professional or another person trained in the particular field of concern, following the appropriate Agency's guidelines. Existing properties with minor needed repairs or deficiencies or deferred maintenance should also follow the appropriate Agency's guidelines.

The Appraisal must indicate an appraised value acceptable to THDA. An application may be rejected by THDA if:

1. The appraised value of the property exceeds the applicable Acquisition Cost Limit by more than 20%; or
2. The Appraisal indicates a land value in excess of **40%** of the total appraised value of the property, unless otherwise approved by THDA in its sole discretion; or
3. The Appraisal indicates the property values for the neighborhood in which the property is located are declining and the Applicant is seeking a THDA mortgage loan for maximum financing.

Acceptable Amount of Land

Property purchased using a THDA loan program can include one subdivision lot of up to five acres in size, as shown on a recorded subdivision plat, without express THDA approval. More than one recorded subdivision lot may be acceptable at THDA's discretion, if the lots are located in an older subdivision containing narrow lots, and if one lot does not contain the minimum size required under local regulation to permit construction of a residence. Lots of any size not shown on a recorded subdivision plat require express approval by THDA, at THDA's sole discretion. Land relating to a residence shall be

considered as part of the residence only if such land reasonably maintains the basic livability of the residence and does not provide a source of income to the mortgagor.

ELIGIBLE LOAN TYPES AND TERMS

Types of Loans

Each THDA loan must be one of the following:

1. Insured or guaranteed by one of the following Agencies:
 - a. the Department of Veterans Affairs (VA), as evidenced by a Loan Guaranty Certificate (LGC); or
 - b. the Federal Housing Administration (FHA), as evidenced by a Mortgage Insurance Certificate (MIC) in FHA connection; or
 - c. the United States Department of Agriculture, Rural Development, as evidenced by USDA/RD Form 3555-17.
2. Conventional loans must have a loan-to-value ratio of 78% or less based on the loan amount divided by the lesser of appraisal or contract sales price. In the case of a self-built new construction, the ratio is based on the lesser of appraised value or actual total cost. See Section X – Freddie Mac HFA Advantage® for higher loan-to-value program requirements.

Maximum Loan-To-Value Ratios

As permitted by Agency, subject to any restrictions contained in this Guide.

Maximum Loan Amount

1. FHA, VA or USDA/RD Loans

The Base Loan Amount cannot exceed THDA's Acquisition Cost limit for the county in which the property is located. The Total Loan Amount may exceed the maximum Acquisition Cost limit by no more than the amount of financed MIP, funding fee or guaranty fee.

2. FHA 203(h) Mortgage Insurance for Disaster Victims

THDA will accept applications under FHA's Section 203(h) Mortgage Insurance for disaster victims, provided they were a tenant who lost the use of their rental primary residence due to a natural disaster located within a Presidentially declared area.

3. Gift of Equity

A Gift of Equity may be considered by THDA on a case-by-case basis and meet the appropriate Agency's guidelines, on an existing home or new construction under certain circumstances. The terms of the Gift of Equity must be stated in the sales contract and must be from an immediate family member. Immediate family member is defined as parents, siblings and grandparents. If the home is proposed or under construction, the maximum loan cannot exceed the borrower's actual cost of construction plus the borrower's actual cost of the lot, both of which must be verified. THDA reserves the right to ask for or require additional documentation on any loan with a Gift of Equity.

4. Estate Sales Transaction

For transactions involving estate sales wherein the Applicant is an heir, the maximum loan amount must be calculated after deducting the Applicant/heir's anticipated share of the sale proceeds.

Security

All THDA loans must be secured by a first lien on the property. In addition, at the option of the borrower, a Great Choice Plus loan for DPA/closing costs assistance may be provided. All Great Choice Plus loans must be secured by a second lien on the property.

Loan Payment Terms

1. Great Choice and Homeownership for Heroes

Great Choice and Homeownership for Heroes loans must be fully amortized, with level payments, and must be for a term of 30 years. If a 30 year loan term exceeds the economic life of the property, as provided in the appraisal report, THDA will not approve the loan.

2. Great Choice Plus and Homeownership for Heroes Plus

THDA will be offering two second mortgage loan program options available across the entire state, regardless of the sales price, as long as it meets THDA's acquisition limits.

3. Great Choice Plus-Deferred and HFA Advantage Plus-Deferred (No Payment) terms:

- Loan Amount is up to \$6,000
- 0% interest rate
- 30 year term, due on sale or refinance
- Deferred payments, therefore no payment for qualifying purposes
- Second mortgage loan will be locked simultaneously with the first mortgage, key words in program description for a successful lock "No Payment"

4. Great Choice Plus with Payment and HFA Advantage Plus with Payment terms:

- Loan Amount is 5% of the sales price (or appraised value if less than sales price), not to exceed \$15,000
- 30 year amortizing
- Interest rate is the same as the first mortgage
- Monthly payment must be considered in the debt ratio
- Second mortgage loan will be locked simultaneously with the first mortgage, key word in program description for a successful lock "Payment"

The deferred option listed above does meet 12 CFR § 1026.3 for partial exemption as long as a settlement fee is not charged.

Prepayment Penalty

Prepayment penalties are not permitted on THDA loans.

Late Charge

Late charges, if any, must be reflected in the Deed of Trust and Note and must be in compliance with program Agency's guidelines. Great Choice Plus secondary mortgage loan must reflect in the Deed of Trust and Note a late charge of 5% of the overdue payment of principal and interest if the monthly payment is not made by the end of 15 calendar days after the date it is due.

Origination Fee

Based on the rate sheet and product offering at the time the loan is locked.

Assumptions

THDA first mortgage loans are assumable only if the person assuming the THDA loan meets all THDA program requirements applicable to new THDA loans, and the assumption application is approved by THDA. Assumption applications are processed by THDA or the THDA Servicer of the loan to be assumed.

THDA second mortgage loans are not assumable with the exception of a VA assumption.

FEDERAL RECAPTURE

All THDA mortgage revenue bond loans are subject to the federal recapture tax. The recapture tax is designed to recapture a portion of the subsidy associated with THDA loans. Recapture tax liability must be determined at the time the property is sold, if the sale occurs within nine years from the closing of the THDA loan. Refinancing a THDA loan does not trigger recapture tax liability, however, if the property is sold after the date of refinancing but before the ninth anniversary of the THDA loan closing, recapture tax liability must be determined at the time of sale. THDA Originating Agents notify the Applicant about recapture tax at the time a THDA loan application is made by securing their signature on the Notice to Applicants Federal Recapture Requirements.

Whether the recapture tax results in an actual payment to the federal government depends on a number of factors, including changes in family income, gain on the sale of the property, the number of years the THDA loan is outstanding, and the original THDA loan amount. The exact amount to be paid, if any, cannot be determined until the property is sold.

For further information regarding the federal recapture tax, advise Applicants or Borrowers to contact their tax professional. Written information is available by ordering IRS Form 8828 "Recapture of Federal Mortgage Subsidy" and its accompanying instructions from any IRS office or through the IRS website at www.irs.gov

FEDERAL RECAPTURE TAX REIMBURSEMENT

THDA will reimburse any THDA homebuyer who purchases their home on or after May 1, 2021, the amount of recapture tax the homebuyer pays to the IRS in connection with the sale of the home. THDA will not calculate the recapture amount. Upon sale or disposition of the residence, the borrower(s) must calculate the recapture or consult a tax advisor or the IRS. IRS Form 8828 must be filed for the year in which the home was sold or otherwise disposed of.

In order to request a recapture tax reimbursement from THDA, the borrower is responsible for the following items:

- Originally signed IRS Form 4506-C
- Copy of signed and filed tax return, including completed IRS Form 8828
- Proof federal taxes were paid
- Copy of Final Closing Disclosure issued in connection with the disposition of the home
- Completed Request for Recapture Tax Reimbursement Form

THDA will process the request for reimbursement when copies of the borrower(s) tax returns are received from the IRS. THDA will only reimburse the recapture amount actually paid, but will not reimburse fees, interest, expenses or penalties incurred.

Be advised that THDA will issue an IRS Form 1099 so the amount of any recapture tax that THDA reimburses to the borrower will be reported to the IRS as income.

SECTION V: PROCESSING AND CREDIT UNDERWRITING REQUIREMENTS

OVERVIEW

Rates and Rate Locks

Current interest rates are listed on our website at www.thda.org on the [Lenders page](#). THDA also utilizes Optimal Blue and ICE Product & Pricing Engine (PPE). Rates are subject to change. Rates can be locked at any time; however, rate lock timeline must be taken into consideration to be in effect for closed loan delivery. Property address or lot# and subdivision name (new construction) is required for all rate locks. Loans must be locked at the time the completed loan file is submitted to THDA for approval. Rates will be locked for 60 days. One 30 day extension may be allowed at a cost of 25 bps. Contact THDA for re-pricing availability for additional extension, lockdesk@thda.org. All closed loan packages as outlined on the Closing Submission Checklist must be delivered to THDA in purchasable condition prior to rate lock expiring. Meaning, all loans must be purchased by THDA prior to rate lock expiration. Loans not purchased by day 100 are subject to cancellation or repricing.

Rate locks are available 9 a.m. to 5:30 p.m. Central Time. If additional assistance is needed for rate locks, it is only available during THDA's business hours. Rate locks cannot be cancelled and relocked when interest rates decrease, rates are always based on the worst day pricing. Re-locks are available 60 days after rate lock expiration or cancellation date if rates decrease from original rate lock. If a loan is cancelled and the borrower changes properties, a new lock can be obtained. If Program changes, THDA will take original lock date and new lock request into consideration and provide lock confirmation reflecting worst day pricing. THDA reserves the right to request a Change of Circumstance from the Originating Agent.

Underwriting Guidelines, Debt Ratios, Credit Scores, Compensating Factors

Credit Scores and Debt Ratio

Eligible applicants must meet credit underwriting standards of THDA and the relevant Agency. All loan submissions with a borrower(s) credit score (middle score or lowest score if only two scores) below 640 will not be eligible for THDA funding. THDA will accept insured loans with the following decision responses which shall meet the following THDA requirements:

1. Approve/Eligible: Maximum debt ratio of 45% and a minimum credit score of 640.

Although an Automated Underwriting System (AUS) may provide an approval, the file may contain multiple risk factors (layered risk) to be considered by the underwriter prior to submission. Common layered risks include but are not limited to the combination of two or more of the following:

- High Housing Ratio (>36%)
- High Debt ratio (>44%)
- Credit Scores below 660
- Lack of Reserves
- Job gaps/multiple jobs in the past 2 years
- Payment shock, no prior verified rental history
- Slim credit and/ or scores based on Authorized User Accounts

THDA reserves the right to request additional documentation or deny a file when a file contains layered risk. When layered risk is observed by the Originating Agent, supporting documentation including compensating factors should be provided to mitigate the risk.

2. Refer/Eligible—due to “no score” only: Loans must be manually underwritten using non-traditional credit guidelines in accordance with FHA or guarantor's guidelines, maximum debt ratio of 41%.
 - Two months PITI in reserves. This cannot be a gift.
3. Refer/Eligible: Loans must be manually underwritten, maximum debt ratio of 43%, minimum credit score of 640, one month PITI in reserves (this cannot be a gift) and must meet one of the two THDA overlays listed below. Loan must meet Agency's guidelines for a manually underwritten file.

 - A two year job history with a minimum of 12 months at current employer.
4. Approve/Ineligible: As it refers to the HUD REO \$100.00 down payment program or VA mortgage loan with DPA, maximum debt ratio of 45% and minimum credit score of 640.

All THDA loan application packages will be required to include a copy of the completed FHA Loan Underwriting and Transmittal Summary or Loan Analysis signed by an authorized program endorsed underwriter of the Originating Agent, or correspondent underwriting agent.

Any closed loan subsequently determined to be ineligible for program insurance due to non-compliance with that program's credit underwriting guidelines will be ineligible for THDA funding and subject to repurchase without exception.

SECTION VI: SUBMITTING AN APPLICATION FILE TO THDA

OVERVIEW

Originating Agents must present accurate and complete information with each application file. Information withheld or misrepresented may void a Commitment or if discovered subsequent to loan closing, could result in a requirement for repurchase of the loan. Should the Originating Agent become aware prior to closing that either the household composition first proposed, and/or the MRB income first proposed has changed or will change prior to closing, THDA must be notified immediately, and updated loan documentation must be submitted.

The application file when submitted to THDA, must have all documentation being submitted in the order shown on the [THDA Underwriting Submission Checklist](#) including final approval from OA's underwriter.

All application files are reviewed to determine all documentation per the THDA Underwriting Submission Checklist, AUS results and Agency guidelines have been included in the submission. THDA's processing department will hold incomplete applications (suspend) and notify lender of missing documentation electronically. OA's staff person submitting the file will be the point of contact receiving the email. Once all required documents have been submitted, the file will be submitted to the underwriting queue.

The only exception to this requirement is, if the seller of the subject property has a mortgage on

the property and the lien holder is in possession of the title or MCO and will not release it until their loan is paid off. Under this scenario, a copy of the Certificate of Title or MCO must be included in the Underwriting Submission package and the commitment will be conditioned to receive the **original** Certificate of Title or MCO with the Closed Loan package. THDA, at its sole discretion, reserves the right to credit underwrite any loan and issue a denial based on unacceptable credit issues.

Rejections

Any application file rejected by a THDA Underwriter is reviewed by management before the Originating Agent is notified. Email SFAask@thda.org for any questions regarding resubmissions.

COMMITMENTS

Application Approval

An application file is not approved until a written Commitment is issued by THDA.

Commitment Term

Commitment term is determined when a mortgage loan file has a rate locked. Commitments are issued for a period of up to 60 days. Loans must be closed, and loans must be purchased by THDA by the rate lock expiration date. Commitment is void when rate lock expires.

Commitment Conditions

Commitments may be conditioned by THDA as follows:

Commitments may be issued with Prior-To-Purchase conditions that must be satisfied before the loan can be purchased, this indicated by "non-trailing" listed beside the condition, or

1. Commitments may be issued with conditions indicated by "trailing" conditions, these must be satisfied prior to the 120 day deadline, this is indicated by "trailing" listed beside the condition).
2. All Commitments are issued with standard closing conditions.

2. All Closing Conditions (indicated on the Commitment as "Receipt, With Closing Documents") must be satisfied by the time the loan is closed. Documentation acceptable to THDA to satisfy Closing Conditions must be included with the closed loan file when uploaded to THDA.
3. THDA, in its sole discretion, may refuse to purchase any loan when any loan closing condition is not satisfied.

Update of Application or Commitment

The application file and the Commitment must be updated in the following situations:

1. After the Commitment is issued, if the Originating Agent becomes aware of significant changes in the Applicant's household composition, income or credit, updated documentation must be submitted to THDA for review and approval.
2. When construction is complete (based on new/proposed construction) final inspection, final photos and updated documentation (based on AUS feedback results) must always be submitted for THDA review and approval.

Loan Amount or Program Type Changes

Occasionally, there will be a change in the loan amount, and/or the loan program may change. If the final loan amount is less than the loan amount indicated in the commitment, the Originating Agent should immediately contact THDA. THDA will issue a revised Commitment, but closing can proceed, providing all other elements of the commitment have been satisfied.

If the final loan amount is more than the amount indicated in the Commitment, the Originating Agent should immediately contact THDA Underwriting. Closing should not be scheduled or held if already scheduled. The Originating Agent must submit revised loan amount documentation and the updated Originating Agent underwriter approval on the higher loan amount.

In any and all cases where the loan amount changes after receiving the THDA approval, THDA must be contacted before loan closing occurs. Do not close THDA loans when discrepancies exist. THDA must receive all new approval documents when loan amounts change, this includes the second mortgages.

Commitment Delivery

THDA will deliver Commitments to Originating Agents by email based on documentation provided on the Underwriting Submission Checklist and OA Working Agreement.

Void Commitments

A Commitment is void under the following circumstances:

1. Prior-to-Closing conditions are not satisfied, as determined by THDA, before the loan is closed;
2. Documentation in connection with "Receipt, With Closing Documents" (Closing Conditions) is not submitted with the closed loan package, or is not satisfactory to THDA;
3. A grantee on the Warranty Deed is not named in the Commitment;
4. Change in Employment. If, at any time between commitment issued and closing, the Applicant is no longer employed at the employment listed on the 1003, as determined by the Verbal Verification of employment (VVOE), THDA must be notified immediately. The commitment is voided.

If the Applicant wishes to continue with the purchase of the property, a correct 1003, income documentation and new approval documents must be provided, and a new commitment will be issued,

5. Change in Property. The property described in the closing documents differs from the property indicated in the Commitment and/or on original URAR. If, at any time between application and closing, the Applicant wishes to purchase a different property, a new transaction is created. If the Applicant wishes to purchase a property different from that which is indicated in the Commitment, the Commitment is void and a new rate lock and application reflecting the correct property must be submitted to THDA.;
6. The loan closes as a loan type that is different from the loan type indicated on the Commitment;
7. The loan closes in an amount larger than the amount indicated on the Commitment (First or Second mortgage);

12. The closed loan servicing package is delivered to a servicer other than THDA;
13. The closed loan does not otherwise conform to the requirements contained in this Guide.

A loan closed with a void Commitment is not eligible for THDA purchase. THDA will not purchase a loan if the loan was closed with a void Commitment.

Request for Loan Purchase with Acknowledgement and Certification

This document is provided with the THDA Loan Commitment. Execute this form and enclose in the order indicated on the Closed Loan Submission form.

Legally Enforceable Obligation Letter

If a borrower receives a Great Choice Plus loan and has an FHA first mortgage, a Legally Enforceable Obligation Letter, Form HO-0476, must be signed by Borrower at closing. This letter will be sent to the Originating Agent with the THDA loan commitment.

Recapture Tax Disclosure/Exhibits

If a borrower receives a Great Choice mortgage loan, a recapture disclosure and exhibits must be provided to the borrower at closing. These documents are delivered to the lender with the THDA loan commitment and should be forwarded to the closing agent to be delivered to the borrower.

FUNDING THDA LOANS

All THDA mortgage loans, including second mortgage loans for closing costs and down payment assistance, are funded by the OA. The loan closes with the OA's funds after all Prior-to-Closing conditions have been cleared by THDA. After the closed loan file is delivered to THDA within the delivery deadline schedule, including acceptable documentation and original mortgage notes are received, THDA may purchase the loan.

SCHEDULING LOAN CLOSINGS

Depending on volume, THDA attempts to review application files in the order received within two (2) business days following the date of receipt. Application files received later than those already on hand will not be underwritten out-of-turn due to a scheduled closing date or the personal circumstances of an Applicant or a seller. However, THDA will make all attempts to accommodate contract dates. Applications received during the final 2 business days of the month may not close by end of month.

SECTION VII: CLOSING A THDA LOAN

OVERVIEW

All THDA approved loans must be closed in compliance with the Commitment and in compliance with the instructions contained in this Guide by a Settlement Agent who is an independent, third-party attorney or a title company. THDA will rely on the Originating Agent to remedy problems concerning closed loan documentation.

Any closed loan subsequently determined to be ineligible due to the terms of the closing, closing documentation, failure to comply with insurer, guarantor or THDA closing conditions, early payment default, and/or any other closing related problem or error, is ineligible for THDA funding without exception and the Originating Agent will be required to repurchase the loan, at THDA's discretion.

Expedite Loan Documents

The Originating Agent must immediately submit the closed loan file for loan guaranty/insurance and upload servicing documents to THDA as soon as possible. Failure to comply with delivery deadlines will result in the Originating Agent being required to repurchase the loan from THDA or THDA will refuse to purchase the loan. [See Section VIII](#) for THDA delivery deadlines.

LOAN COMMITMENT

If the terms of the closed loan do not match the Commitment, or Commitment conditions are not satisfied, the Commitment is void. THDA may refuse to fund, may refuse to purchase or may demand repurchase by Originating Agent of closed first and second loans that do not conform to the Commitment. If any element of the transaction does not match the Commitment or if Commitment conditions are not satisfied, do not proceed with the closing. A revised Commitment must be issued prior to closing if any element of the proposed transaction does not match the Commitment. Contact THDA with any questions or to obtain a revised Commitment prior to closing.

REQUIRED LOAN DOCUMENTS

Loan Documents

The most recent versions of the following instruments for the applicable loan type must be used, including any applicable riders. A non-purchasing spouse may sign the Deed of Trust:

1. **FHA:** Multistate FHA Note (Tennessee)
Multistate FHA Deed of Trust (Tennessee)
THDA Rider
Legally Enforceable Obligation Letter (FHA only)

2. **VA:** FNMA/FHLMC Multistate Note (Tennessee)
FNMA/FHLMC Multistate Deed of Trust (Tennessee)
VA Rider
THDA Rider
3. **USDA/RD (FmHA):**
FNMA/FHLMC Multistate Note (Tennessee)
FNMA/FHLMC Multistate Deed of Trust (Tennessee)
THDA Rider
USDA/RD loans must close with FNMA/FHLMC documents only.
4. **THDA Second Mortgage Loans**
Great Choice Plus/HFA Advantage Plus with Payment Subordinate Note
Amortizing (Payment)
Great Choice Plus/HFA Advantage Plus with Deferred/Forgivable
Subordinate Note (No Payment)
Great Choice Plus/HFA Advantage Plus Subordinate Deed of Trust

Due Dates

The promissory note must specify a first payment due date as the first day of the second calendar month following the date of closing. All subsequent payments are due the first day of each month. Interest credits are discouraged on THDA loan closings. First and second mortgage loans should have the same first payment due date.

Late Charges

Late charges are permitted only in compliance with the applicable program insurer's guidelines. If the charge exceeds the allowable rate, the note will be returned for correction and signature by Borrower(s).

Great Choice Plus secondary mortgage loan must reflect in the Deed of Trust and Note a late charge of 5% of the overdue payment of principal and interest if the monthly payment is not made by the end of 15 calendar days after the date it is due.

TITLE POLICY

Use ALTA Loan Policy or ALTA Short Form Residential Loan Policy and include the following:

1. The insured amount must be equivalent to the amount of the first mortgage. THDA will not require a Lender's Title Policy on the Great Choice Plus second mortgage.
2. THDA must be a "named insured". Use the following language:
(Name of Originating Agent), and/or Tennessee Housing Development Agency, and/or (Name of insuring or guaranteeing entity), as their interests may appear.
OR
(Name of Originating Agent), its successors and assigns and/or (Name of insuring or guaranteeing entity), as their interests may appear.
3. Taxes/assessments that are due and payable cannot be indicated as unpaid.

Endorsements to the Title Insurance Policy may be required as determined by THDA.

Warranty Deed

The Warranty Deed must convey the property to the borrower(s) indicated on the Commitment. Borrower(s) listed on the Warranty Deed must also be listed on the Title Commitment.

Termite Inspection/Treatment Certificate

Termite Inspections/Treatment Certificate provided as required by the Agency or the appraiser.

Hazard Insurance

Hazard insurance coverage must be issued in the name(s) of the titled property owner(s). The insurance company issuing the hazard insurance policy must meet the Agency's guidelines.

The policy must insure against loss due to fire and other hazards covered by the standard extended coverage endorsement on a replacement cost basis. The Borrower may elect to include additional coverages, such as liability and earthquake insurance, and special policy riders.

For all Great Choice mortgage loans, THDA must require insurance at 90% of the insurable value of the improvements to the mortgaged real property per TCA 13-23-118 h (8) since this law, specifically applicable to THDA, takes precedence over Fannie/Freddie regulations that only require this insurance at 80% of the insurable value.

The insurable value should be determined by a third party appraisal whenever possible. In order to do so, the appraisal should include either the estimated value of the land (site value) or an estimated replacement cost for the structure. In cases where this information is available or can be made available as part of the appraisal, it should be relied upon. If the site value or replacement cost is not accessible from the appraiser, the appraisal cannot be utilized since it would not have any other reliable information to properly exclude the cost of the land. It is not appropriate to use the full appraisal value that includes the land value when determining the insurable value.

The maximum allowable amount for deductible will be 1% of the loan amount or \$2,500, whichever amount is the highest. The deductible clause may apply to either fire, extended coverage, or both.

Minimum initial term is one year.

THDA must be named as mortgagee in the original policy or in an endorsement. Use the following language:

Tennessee Housing Development Agency
and its successors and/or assigns as their interests may appear
502 Deaderick St., 3rd Floor
Nashville, TN 37243
Loan # _____

Coverage must be in force on or before the day of closing.

An original insurance policy or Certificate of Insurance is required. An insurance binder, a memorandum of insurance or a premium bill is not acceptable. The Originating Agent must submit the original policy or certificate to the THDA Servicer promptly after closing and a copy of the declarations page to THDA with the closed loan package. For loans

in condominium developments, secure a Certificate of Insurance for the blanket hazard insurance policy that covers the development or building.

Policies are not acceptable if, under the terms of the carrier's charter, by-laws or policy, contributions or assessments may be made against the Borrower, THDA or THDA's designee; or if by the terms of the carrier's charter, by-laws or policy, loss payment is contingent upon action by the carrier's Board of Directors, policyholders or members; or the policy includes any limiting clauses (other than insurance conditions) which could prevent THDA or Borrower from collecting insurance proceeds.

Flood Certification and Flood Insurance

The Flood Hazard Determination should be transferred to THDA or reflect its successors and/or assigned. Flood Certification **MUST** state it is for the life of loan. If part of the property is located in Flood Zone A but all of the improvements are outside Flood Zone A, flood insurance is not required, subject to the rules of the Agency.

Flood insurance is mandatory for all loans with improvements located in Flood Zone A, without exception. A copy of FEMA Form 81-93 Standard Flood Hazard Determination must be included with the closed loan package when submitted to THDA.

To waive the flood insurance requirement, a loan survey is required and must indicate the boundary of Flood Zone A and show that all improvements included in appraised value are outside of Flood Zone A.

The amount of coverage must equal the total amount of the THDA approved loan up to the maximum amount available through the National Flood Insurance Program.

The maximum allowable amount for deductible will be the maximum of 1% of the loan amount or \$2,500, whichever is the highest, or the maximum of the guarantor's guidelines for VA and USDA loans.

The same mortgagee clause and mailing address previously indicated under "Hazard Insurance" must be used.

A copy of the flood insurance application and a copy of the check for the first year's premium must be enclosed with the closing package shipped to THDA.

Escrow for Repairs or Completion of Construction

Escrows for "subject to" repairs should be avoided when possible and should meet Agency's guidelines, if applicable. Submit the proposed escrow agreement to THDA prior to closing. At a minimum, the escrow agreement must state what the escrow is for, the dollar amount to be escrowed, and the completion date which may not exceed 60 days. Loans should be closed with repair escrows only if the repairs can be completed in the 60 day timeframe. Estimates or bids should be included with escrow agreements.

Escrows for "subject to" completion of construction should only be for **minor** items identified in the appraisal or documented in the underwriting file submitted. Final landscaping that is delayed due to seasonal weather or "punchlist" items identified after THDA loan approval can be addressed at closing with an escrow agreement if needed, without THDA's prior consent. The amount to be placed in escrow for the completion must be the greater of (a) 150 percent of the estimated cost of the repairs or the estimated cost to complete construction when a "subject to" appraisal is submitted or (b) the amount required by the applicable Agency.

All work must be completed, and a final inspection delivered to THDA by no later than 60 days after closing. An escrow agreement acceptable to THDA for repairs or

completion of construction must be used. The Originating Agent must hold and disburse the escrow funds in accordance with the Escrow Agreement.

Repairs not completed within 60 days of loan closing will void commitment, therefore the loan will be subject to repurchase

Properties Affected by a Disaster

It is the OA's responsibility to be aware of and act upon any mortgage loan impacted by disasters prior to the sale to THDA. The OA must have a policy in place to identify properties with pending mortgages (or endorsements if applicable). OA should contact the appropriate source e.g. Tennessee Emergency Management Agency (TEMA), Federal Emergency Management Agency (FEMA) to determine whether properties located in its origination footprint are included in the disaster areas. OA must ensure appropriate Agency guidelines are followed that identifies and quantifies any dwelling damage. This information and documentation must be available to THDA upon request. Any damages to properties must be reported to THDA immediately.

THDA's Disaster Policy applies to any of the following:

- FEMA declared disaster areas eligible for Individual Assistance.
- Areas Identified by TEMA or THDA.
- Properties that the Lender has reason to believe sustained damage in a disaster.

By the sale of the loan to THDA, the OA warrants that the subject property is in marketable condition and that there are no repairs or other detrimental conditions to the subject property at the time of sale.

THDA is not responsible to provide notification to the OA of disaster areas. If at any time after loan purchase, THDA or a subsequent investor, determines that the subject property was damaged and not in fully marketable condition at time of sale, the loan is subject to repurchase.

Documentation Requirements for Properties Affected by a Disaster

Appraisals completed on or before the incident period end date.

Prior to loan purchase, THDA will require a post disaster inspection confirming the property has not been adversely affected by the disaster. The inspection may be provided in various formats as long as the appropriate Agency's requirements are met.

- Property Appropriate Inspection Report
- Appraisal Update and/or Completion Report (Form 1004D)
- Certification from a Licensed Property Inspector
- Post-disaster inspection from an established and reputable service provider, with post-disaster photos that clearly demonstrate the property has not been adversely affected by the disaster.
- Lender Certification with post-disaster photos that clearly demonstrate the property has not been adversely affected by the disaster. The Certification must not be executed by an employee that receives direct compensation from the subject transaction.

Appraisals completed after the incident period end date.

For a period of 90 days from the incident period end date, full appraisals are required on impacted properties. In the report, the appraiser must confirm the property has not been adversely affected by the disaster.

Closing Disclosure

The initial and final Closing Disclosure (CD) is required. The net amount (amount after allowable closing costs) of the second loan should be listed on the CD for the first loan. Any borrower's debt paid at closing must be listed on the THDA commitment as well as the CD. Source used to pay off these debts must meet Agency guidelines. THDA's second mortgage funds cannot be used. All Originating Agents are expected to adhere to all timing guidelines as outlined in 12 CFR § 1026.19(f)(1)(ii) for Closing Disclosures.

Verbal Verification of Employment (VVOE)

The verbal verification of employment (VVOE) utilized by lenders to confirm the borrower's current employment status within 10 business days prior to the note date must be included in the closing package.

Name Affidavit

Name Affidavit must be provided for all borrowers.

Power of Attorney

THDA follows the Agency's guidelines in regards to a Power of Attorney (POA) in circumstances of hardship, emergency situations and for military service members. Therefore, THDA must verify and document that all requirements to utilize a POA have been satisfied.

THDA must review and approve the POA prior to closing. Please submit with the Underwriting package. POAs should be notarized and recorded. If the original POA is recorded prior to the Note Date, please deliver the original POA with the original Mortgage Note. Otherwise, a certified copy of the POA must be included in the closing package and the original POA delivered to THDA with the recording information within 30 days of closing.

OTHER REQUIREMENTS

Close In The Name Of

All THDA approved Great Choice loans must be closed in the name of the Originating Agent noted on the Commitment and are assigned to THDA via MERS. THDA Great Choice Plus loans must also close in the name of the Originating Agent noted on the Committed and are assigned to THDA via MERS.

Non- Purchasing Spouse

A non-purchasing spouse may sign the Deed of Trust if named on the sales contract, warranty deed, title commitment, or required by the settlement company.

Rescission

THDA cannot fund or purchase a loan that is closed with a Three-day Right of Rescission

Net Funds "To Borrower"

A borrower cannot receive any funds from the closing that exceed amounts that they paid in advance from their personal funds for earnest money, appraisal fees, credit report fees, and homebuyer education counseling. If a grant from an entity other than THDA is included in the transaction or a gift, coordinate this subject with the grant/gift provider. Net funds to borrower for grant/gift must meet the Agency's guidelines. Borrowers using

Great Choice Plus assistance cannot receive any funds at closing from the assistance provided. There are circumstances that arise at the closing table that cause excessive cash back to the borrower. In these situations, THDA will allow a principal reduction to cure the issue.

Principal Reduction

THDA discourages principal reductions (PR). However, we understand there are times they cannot be avoided, for example when an error is made. PR is limited to \$1500, per THDA's discretion. PRs are netted from the loan purchase amount. OA must provide THDA with a payment history for the loan when a PR is needed. If the PR is due to too much DPA funds being used, apply PR to second mortgage or reduce the loan amount for the second mortgage.

Original Certificate of Title or Original Manufactured Certificate (MCO) of Origin (Manufactured Home)

If the seller of the subject property has a mortgage on the property and the lien holder is in possession of the original title or MCO and will not release it until their loan is paid off, the original Certificate of Title with any lien noted thereon having been marked released, or Manufactured Certificate of Origin ("MCO"), in the name of the seller of the subject property or having been endorsed to the seller MUST be provided to THDA with the closing documents. If the Manufactured Home consists of more than one (1) unit, you will need to provide the title or "MCO" for each unit. THDA will not purchase the loan until we receive the original certificate of Title or original MCO.

Affidavit of Affixation (Manufactured Home)

An Affidavit of Affixation is required on all manufactured home loans if they are not de-titled. It is sent to the State of Tennessee and utilized when de-titling manufactured homes, therefore, the owner of record at the time of de-titling must sign the Affidavit. If de-titling is taking place prior to closing, the seller would execute the document. If de-titling is taking place after closing, being handled on behalf of the new borrower, it must be executed by the buyer and must be recorded as a separate document. It cannot be recorded with or attached to the Deed of Trust. State of Tennessee's Affidavit of Affixation (RV-F1322101) is to be used unless the Settlement Agent uses an Affidavit of Affixation that meets the statutory requirement of TCA Section 55-3-138.

Warranty Deed

A copy of the Warranty Deed to the subject residence must be provided to THDA in the Closed Loan Submission package. For manufactured homes, a certified copy of warranty deed or equivalent that shows evidence of real property. The recorded copy is sufficient as long as it shows the Register of Deeds stamp information.

CLOSING COSTS

Closing Costs and Fees a THDA Borrower May Pay

1. The borrower may pay any and all reasonable and customary fees and costs normally charged in the marketplace. However, section A, page 2 of the loan estimate/closing disclosure cannot exceed \$1,400 for Lender Administrative-type Charges, examples underwriting, processing, application, administrative, etc. Origination fee is based on rate sheet and product offering at the time of rate lock. If THDA, in its sole discretion, determines that the borrower has been charged a fee that is exorbitant or not customarily charged in the marketplace, the

Originating Agent will be required to refund these fees to the borrower. \$75 tax service is excluded from the \$1,400.

2. Closing Disclosure should not list any fees payable to THDA. Rate lock extension fees are an allowable fee.
3. Rate lock extension fee charged by THDA may be passed along to the borrower.
4. Origination Fee- Based on the rate sheet and product offering at the time loan is locked

USE OF MERS SYSTEM – MERS ID#

Originating Agents are required to have written policies and procedures for registering loans with Mortgage Electronic Registration Systems, Inc. (MERS) and should use loan documentation reflecting MERS, as the nominee for Originating Agent and Originating Agent's successors and assigns. OA should have a process to ensure that for each MERS-registered mortgage, the applicable Mortgage Identification Number (MIN) is included on the security instrument and related documents. The THDA loan number must be reflected on all THDA loan documentation in addition to the MIN as required by MERS.

Originating Agents shall cause each first mortgage deed of trust (with THDA Rider) securing a THDA loan to be properly recorded in the Register's Office of the county in which the property is located and to register such deeds of trust with MERS in accordance with applicable MERS requirements.

Originating Agent shall, upon THDA's request, obtain and properly record an assignment of any MERS registered THDA loan from MERS to THDA or as THDA may direct. In the event of any dispute regarding a THDA loan registered with MERS, the Originating Agent shall take all steps deemed necessary by THDA to protect THDA's interest. All other requirements of this Guide and of the Working Agreement between THDA and Originating Agent shall apply to each THDA loan regardless of registration with MERS.

All second mortgage loans must also utilize the MERS system to assign loans to THDA. THDA Second Mortgage loans and HFA Advantage loans **do not** need to have the THDA Rider recorded.

Paper assignments will not be accepted.

When THDA has purchased a loan a transfer via TOS/TOB (Both Servicing & Investor Rights) **MUST** be initiated/transferred within five calendar days from the date of purchase.

THDA MERS Orig ID is 1014378.

- Lender is responsible for activating any PMI policy and remitting any PMI payments due to the mortgage insurer prior to the sale of the loan to THDA. Lender is also responsible for transferring the PMI policy to THDA after the loan sale. PMI rates, pricing and guidelines may differ among the participating mortgage insurers and are subject to change. Lenders should consult the current PMI guidelines at each company to determine the terms and conditions by which such loans will be insured.

THDA program guidelines do not supersede, nor are they a substitute for, the guidelines in place with each mortgage insurer at the time the loan is underwritten.

Loan Estimate

All assisted loans will require a Loan Estimate (LE). Lenders can generate one from their LOS system that contains the appropriate terms. Only recording fee, odd days/prepaid interest, mortgage tax fee, and a loan settlement fee of up to \$200 may be listed. All Originating Agents are expected to adhere to all timing guidelines as outline in 12 CFR § 1026.19(e)(1)(iii)(A) for the Loan Estimate.

Closing Disclosure

Lenders are required to provide a Closing Disclosure at closing listing only the recording fee, odd days/prepaid interest, and mortgage tax fee for the second mortgage for all loans reserved. Any fees in addition to the recording fee, odd days/prepaid interest, and mortgage tax fee listed on the second mortgage CD will be required to be refunded to the borrower prior to purchase approval. Any excessive recording fees charged will require a detailed explanation. Any fees not proven to be for recording will require a refund to the borrower prior to purchase approval. All Originating Agents are expected to adhere to all timing guidelines as outlined in 12 CFR § 1026.19(f)(1)(ii) for Closing Disclosures.

LENDER PROCESS

Application and Reservation

Lender determines borrower eligibility per Freddie Mac and THDA guidelines, income limits and purchase price limits. Lender reserves the loan through THDA's online lender portal THELMA. When loan is reserved, the rate is locked. Lender processes the loan, gathers documentation, obtains the appraisal and lender issues approval on file. Lender submits approved loan to THDA's online lender portal THELMA to receive commitment from THDA.

If incorrect program type has been selected at rate lock, loan must be withdrawn and resubmitted under correct program type. If submission is in error, loan will be locked at current secondary rate. Subject to THDA review of original disclosures.

Lender is responsible for uploading the appraisal into Uniform Collateral Data Portal (UCDP).

Commitment Compliance Package

The lender should upload the loan package to THDA through the lender portal THELMA per the [Underwriting Submission Checklist](#). Please submit all documents on checklist in proper stacking order and indicate the LPA results have been transferred to THDA.

THDA will either approve the compliance package, issue prior to closing conditions, or decline the file. If conditions are issued, please submit immediately to expedite the approval. Once the underwriting compliance package is approved, THDA will email the commitment. Commitment is also available for review/download in the THELMA system.

The lender is authorized to proceed with the loan closing once approval commitment has been issued. Commitment will expire on lock expiration date.

Purchase Compliance Package

Lenders must submit a closed loan package to THDA after closing, per the [Closed Loan Submission Checklist](#). Included on the checklist is [Form SSA-89](#), Authorization to Release SSN, which must be signed by the borrower at closing. Lender is responsible for providing UCD and LQA results. Once the closed loan package is approved by THDA, and the original note received, THDA may purchase the mortgage loan.

COMPENSATION AND FEES

Lender Compensation/Allowable Fees

Lenders are permitted to charge borrower or seller origination fee based on rate sheet and product offering as of the date the rate is locked. Rate lock extension fee can be charged to the borrower.

Lender may receive a Service Release Premium (SRP) based on the first mortgage loan amount paid by THDA at the time of loan completion. (Timing of payment is subject to change with Encompass TPOC Implementation.) Delivery deadline must be met. SRP is based upon rate sheet and product offering as of the date the rate is locked. See section VIII, [Service Release Premium](#).

Reasonable and customary fees not to exceed \$1400, and closing costs may be charged as long as such compensation payments are fully disclosed to the borrower in accordance with federal, state, and local laws and regulations. Rate lock extension fee is an acceptable fee. Origination fees per THDA rate sheet, at the time of the rate lock, are allowed to be charged.

Non-Delivery Fee

If an extension is elected, but the related Mortgage Loan is not sold to THDA, the Lender may be billed for the extension fee.
